

THE HALIBURTON COUNTY ECHO

AND MINDEN RECORDER

Vol. 97

No. 26

Wednesday, February 14, 1979

"The voice of the Highlands"

38 pages

25 cents

Dozens of ice racers turned up in Minden last weekend for two days of racing on the ice track prepared by the Minden Kinsmen Club. The cold temperatures kept spectators away, but made conditions perfect

for the racers, who are all amateurs and race for trophies in ten classes. Racing continues this coming weekend and next, and there's plenty of action and excitement to see for those who can brave the cold.

Nine member body will work for improvement in economy

New economic commission formed

The final three members of a nine member economic development commission that will work to improve the county's economy were named last week, two months after the idea of reviving a commission was endorsed by Haliburton County council.

Included on the committee are county councillors Murray Fearrey, Sinc Nesbitt and Malcolm MacGillivray, Chamber of Commerce president John Hogg, vice president Jim McLean and business development committee chairman Barbara Bolin, along with Glen Hodgson, Bill Valentine and Chester Schwandt.

Chamber of Commerce manager Bob Stinson will serve as a non-voting member of the commission. Until 1976, there was a three man economic development commission in the county, which included the Chamber of Commerce manager as a voting member. But county council separated the commission from the Chamber when present manager Bob Stinson was hired, and since then the commission has not played an active role in the county.

But at this year's inaugural meeting, council stressed the

need for economic improvement in the county, and the idea of a nine member commission was born.

Six members were named to the commission, three from council and three from the Chamber, while other municipalities in the county were asked to submit names of persons qualified to serve on the body.

At a meeting last week, the six members reviewed the nominations, and voted to arrive at the final three

members to complete the nine member slate.

Chamber manager Bob Stinson said Tuesday that the commission will look at ways of improving the economic position of the county.

"The Chamber feels it's

important to remember that this is an economic development commission, not an industrial development commission," he said.

"We're happy for anything that will help the county," he said.

Cont'd. page 2

The meeting was by invitation only and closed to the press in order to promote a free exchange of ideas, according to a Ministry official.

Mary MacDonald, one of three Ministry representatives working on the study, said the meeting was intended to get "a perspective on the industry from the people who are involved in it".

The Ministry officials had previously talked to tourist operators on an individual basis before calling them together at the workshop.

In an interview Tuesday, Chamber of Commerce manager Bob Stinson identified areas of discussion that arose at the meeting.

The consensus among many of those present at the workshop was that more money should be spent at the county level to promote the county in general, Stinson said.

Most felt that the Chamber could spend more to promote the county as a whole "but there were few concrete ideas as to how to put together funds for that," he said.

"Packaging" tourist vacations in an all inclusive form was also discussed, though one operator pointed out that some people in the tourist industry in other areas have spent a good deal of money on packaging efforts with few results.

Cont'd. page 2

Closed workshop called by Ministry officials

Tourist operators see county wide problems

The state of tourism in Haliburton County was the subject of a workshop held at Haliburton Legion last Thursday.

The meeting, which was closed to the press and general public, was called by staff members of the Ministry of Treasury, Economics and Intergovernmental Affairs who are preparing a county wide economic development study at the request of county council.

Approximately 20 people attended the workshop, including six members of the newly formed economic development commission, selected tourist operators, Chamber manager Bob Stinson, representatives of the cross country ski club, the snowmobile association, and Sir Sandford Fleming College.

There were also complaints about the fact that government facilities such as provincial parks and information centres are usually closed for the winter, and some operators felt there is a need for a government tourist information centre that would serve the area in the same manner that the centre in Barrie serves Huronia and Muskoka.

The lack of essential services such as restaurants and gas stations that remain open in the evening was also lamented by some tourist operators, as it has been year after year. One suggestion was that the Chamber of Commerce should compile a complete list of businesses and their hours which would be made available to tourists.

Publicity of local attractions and events was also felt by most at the meeting to need improvement.

Such things as the corduroy enduro, the upcoming ski tour at Woodland Ranch, and spring sugaring off activities were cited as examples of activities that receive inadequate publicity.

More local awareness of county facilities is also needed, most of those at the meeting felt. The canoe Museum at Camp Kandalore and the Leslie Frost Natural Resources Centre were mentioned in this connection.

Since few tourists, tourist operators and local residents were thought to be aware of activities and attractions at both places.

The possibility of a county

wide winter carnival also received brief discussion, although the long standing "us" and "them" attitude between Minden and Haliburton makes the possibility seem remote for the near future.

It was also felt that low interest loans from the provincial government should be made available to tourist operators who want to expand and improve their facilities.

While the government has in the past made such loans available, they have not been available recently.

It was felt that the county

could not capitalize on the current boom in domestic tourism without such loans for new and better facilities.

Ms. MacDonald said Monday that the ideas will be used in the formulation of the first stage of the Ministry's report, which is expected to outline the present economic situation in the county and make recommendations for actions that would improve the economy.

Though no firm completion date for the study has been announced, it is expected to be ready for presentation to county council within the next two months.

Echo story wins premier award

The Haliburton County Echo has won a premier award in the annual Ontario Weekly Newspaper competitions.

The award is for the best story on an agricultural subject published in a weekly newspaper in Ontario in 1978.

The story, written by Echo managing editor Len Pizzey, was headlined "Raising bee erected Emmerson barn", and appeared in the May 17, 1978 issue of the Echo. It detailed the history of a barn on the Old Donald Road which was destroyed early in May in a fire set by vandals.

The award will be presented March 2 in Toronto at the Ontario Weekly Newspaper Convention.

Minden recreation committee wants input into council recreation decisions

The Minden recreation committee wants to be notified before council makes any decision on the hiring, firing and transfer of employees from the arena.

At the committee's first meeting last Wednesday, a resolution was passed to petition Anson, Hindon and Minden council to advise the committee "of any employee transfers which may be proposed from time to time by the municipal council."

As well, the petition asks council to ensure that the committee is invited to any meetings where matters relating to the recreation centre are discussed.

Employees of the recrea-

tion centre ultimately come under the jurisdiction of council, which has final say over hiring, firing and transfers.

The committee feels however, that it must have input into the decision making process, "to permit the committee to properly manage a productive recreation program" according to minutes of the meeting.

In other matters at the meeting, Norm Harrison was

appointed chairman of the committee for 1979, with Lyle McKnight appointed vice-chairman.

Other members of the committee are Faye Mansfield, Wm. Everson, Ken Bannan, Stuart Brandon and Elinor Burke.

Liaison members who attended the first meeting included Warren Payne from the Minden Kinsmen, Ed Pergolas from Minden Rotary and Helen Burk representing

ladies' softball.

The committee accepted the contract from Arena Refrigeration Ltd., for 1979 at an annual rate of \$475.20 less 10 percent in accordance with the company's quotation of December 13, 1978.

The committee also agreed to rent 150 pairs of roller skates from Dominion Roller Skating Company from June 1 through August 31 at a rental fee of \$3.25 per pair per

Toque-Pic Talk

by Toque-Pic

For the past few weeks you have been hearing a great deal from me about the 11th annual Haliburton Rotary Winter Carnival which is coming up this weekend. I don't know about you, but I can hardly wait for the big moment to arrive.

In my Toquepic Talk columns, I have tried to keep you up to date on what you can expect to do and see when you come to the carnival. It has been impossible, during the few weeks that I have had the opportunity to talk to you through this column to cover every aspect of this great winter event, but as this will be my final column for this year, I want to remind you that the remainder of the information I was unable to supply you with can all be found in the special Haliburton Rotary Winter Carnival supplement which you will find included in this week's paper.

Welcome
to the
Haliburton Rotary
Winter Carnival

There are a few notes left on my desk that I would like to forward on to you and one is that riders are still needed for the torchlight parade. If you're interested in riding in the torchlight parade please phone Joe Iles at 457-2100. If you are interested in putting an entry in the bed races, please see David Bishop. Please note in the

program, the times of the Haliburton Guild of Fine Arts Sale and Show at the Lakeview Centre. You won't want to miss this. We ask you to participate and support the two big days of races on Saturday and Sunday sponsored by the Kinsmen Club of Haliburton. And oh yes, don't forget to make sure that you have an entry in the parade which will be held on Saturday afternoon.

There is one thing you can count on and that is the fact that you will be seeing me in the parade, and at some of the dances, on the street and I imagine in many of the store windows around town. I will certainly be a busy chap for three days.

During the ten years that the winter carnival has been held, I am only too pleased to say that I have been part of it and you have seen more of me than probably anyone else in the area.

The only regret I have is that when the carnival ends on Sunday afternoon and the final closing ceremonies are held at the Public Dock, I will have to leave you until the next winter carnival in 1980. If I still have enough energy left I am going to try to put on my skates and join in the free public skating at the arena which is being sponsored by the Kinsmen Club of Haliburton from 4:00 to 6:00 p.m. on Sunday.

This will be a weekend when we renew old acquaintances and make new friends. It will also be a time when our families return home for a family re-union. As far as a weather forecast is concerned, all we can promise is lots of snow and hope that it will warm up so that everyone can enjoy the weekend in comfort.

I want you all to know that I have enjoyed talking to you each week in this newspaper, but now I have to say goodbye with all my chatter until next year.

Before I put my typewriter away, may I say that I will be looking forward to seeing you at the winter carnival this weekend. Participate and enjoy yourselves.

This happy group of Haliburton Highlands Senior Elementary were hard at work last week forming snow into an ice sculpture with the help of buckets of water. The sculptures will be judged Friday afternoon, the first day of the three day Haliburton Rotary Winter Carnival.

Glamorgan seniors to build township fire hall addition

The Township of Glamorgan's senior citizens club has received township approval to put an addition on the municipal fire hall.

The addition, to be built by club members, will be used to house a workshop for wood-working equipment the club plans to buy with a federal New Horizons grant.

Formed in November, the club has been using the fire hall for its weekly meetings.

Council's approval in principle of the proposed addition came on condition that plans for the structure be submitted to council before any work is undertaken.

Also approved at the council's last regular meeting were the terms of reference for a community centre feasibility study.

The study is expected to determine if there is a need for the centre which would be

built in the new park in Goderham. Included in the study will be soil testing and hydrological testing at the proposed site, as well as information on financing, operating costs, and programs that could be offered in a community centre.

Quotations for the study were requested from Totten, Sims, Hubicki Associates, Ltd., Greer, Galloway Assoc.

Cont'd. page 2

Bob Nichol, coordinator of the LKTA Atom Tournament that took place last weekend, presents the trophy to the tournament's most valuable player, Darril McKinley of Newmarket at the conclusion of the tournament Sunday.

It wasn't quite clear what these Haliburton Highlands Senior Elementary students were making to enter in the snow sculpture contest at the Haliburton Rotary Winter Carnival this coming weekend, but there was no doubt that they were enjoying the work.

Glamorgan seniors to build hall addition

from page 1
lates Ltd., Municipal Planning Consultants, and Cambrian Planning Consultants Ltd.

In other business, council decided to apply for a Young Canada works grant of \$13,266, to carry out various projects in the township, including further work in the cemetery, upgrading of the beach at Pine Lake and improvements to the baseball diamond.

A proposal from the Ministry of Transportation and Communications for the up-

Cottage breakin nets equipment valued at \$1700

Property valued at more than \$1,700 was stolen from a cottage in Stanhope Township sometime between Sunday and Friday of last week. Thieves forced a door to gain access to the cottage, which is owned by Robert Ryan of Agincourt. The theft was discovered Friday.

Missing were a quadra-sonic recorder/player, an AM/FM receiver, a channel balancer, and towels, valued at slightly more than \$1,700.

Economic

from page 1
economy of the county."

The group's primary aim will be to look outside the tourist industry for ways of strengthening the year round employment situation.

That could include efforts to attract light industry to the area, especially industry based on the lumbering trade.

A full commission meeting is scheduled for later this week, when the new commission will attempt to set aims and objectives for the coming year, according to Stinson.

grading of highway 503 from the Graham property, Lot 10, Concession 6, westerly to the Glamorgan-Snowdon boundary, was approved.

MTC's proposed source pits for use in the reconstruction of highway 503 from Tory Hill to Gooderham were also approved.

Council voted its support for the Manpower Outreach office in Haliburton Village.

The future of the office is up for review, and the letters of support from councils across the county will be used by the Chamber of Commerce to urge that the office be allowed to continue to operate in its present form.

Proposed changes for the upgrading of the Gooderham Post Office are to be completed at a cost of approximately \$150.

A bylaw to write off taxes was also approved at the meeting.

A special meeting of council was held Thursday, January 18 to discuss a compre-

Committee seeking input

from page 1
month.

It will be the first time roller skating has been offered at the Minden arena.

Ladies softball representative Helen Burk asked the committee if additional calcium could be applied to the road which services the ball diamond in order to cut down on dust. She also asked if a sign could be posted on Bobcaygeon Road indicating the location of the diamond and expressed the team's concern about broken bottles on the diamond and the fact that cars have access to it. As well, Burk asked about grants to maintain the diamond.

The committee replied that council controls the access road, and that the ball league had agreed to maintain the diamond in exchange for the

hensive zoning bylaw. The meeting was for discussion purposes only, and no resolutions were passed.

A special meeting was also held January 24 to deal with a matter pertaining to 1979 tax billing and requiring immediate attention.

The clerk was directed to authorize the Ministry of Government Services data control branch the mail tax billing tape copy to the attention of Doug Kehl, Data Processing Manager for the District Municipality of Muskoka.

A special meeting was also called January 29 to discuss road matters.

At that meeting it was decided that private snowplowing with the front end loader would be done in emergency situations only at a rate of \$17 per hour.

It was also decided that the township garage cannot be used for the repair of private equipment.

committee's expenses for lights and grass cutting. The committee agreed, however, to investigate what grants, if any, might be available.

Final item on the agenda for the Wednesday meeting was consideration of a report prepared by clerk Elinor Burke and arena manager Bryan Sisson that outlined various fixed operating costs of the arena.

The committee agreed that rental rates for the arena should be amended, but decided it needed more time to study the report before reaching any decisions.

A special meeting was scheduled for Tuesday, February 20 to amend the rates. The regular meeting of the committee will be held on the first Tuesday of every month, the group decided.

Scott wants federal crackdown on vandalism

Bill Scott, MP for Victoria-Haliburton, thinks the federal government should take the initiative for an assault on vandalism, even though the administration of justice in the provinces is under provincial control.

During question period in the House last Tuesday, Scott asked the federal Minister of Justice why he had not followed up on requests from a number of Ontario municipalities for federal assistance in combatting vandalism.

Scott said he asked the question of two previous Ministers of Justice, and was told that "vandalism is purely a provincial matter, and that any initiatives concerning federal-provincial co-operation in this matter must come from the provincial attorney's general."

"I reject the argument on both counts," Scott said. "The answers given by the minister lead me to believe that they have failed utterly to get the point I have been trying to make over the past

two years," Scott said.

He said the minister "admitted that vandalism is covered by the Criminal Code", which is the federal body of law "and that the initiative for a joint federal-provincial effort to combat vandalism could come from the Minister of Justice."

Scott said much of the vandalism he is concerned with takes place against federal buildings, such as post offices, and that "vandalism is a step along the way to more serious crimes."

"Our only protection against this senseless and costly criminal behaviour is a more vigorous pursuit of vandals and stiffer penalties when they are apprehended and convicted."

In reply to the local MP's question, Claude Andre Lachance, Parliamentary Secretary to the Minister of Justice, said vandalism does not exist under the Criminal Code, but is covered under wilful damage and mischief.

Lachance told Scott that the maximum penalty for mis-

chief when danger to human health is involved, is life imprisonment. In relation to public property the maximum penalty is 14 years, and in relation to private property it is five years.

"Those punishments are maximum," Lachance said, adding that it should be noted

"the courts very rarely impose the maximum punishment."

He also pointed out that under new legislation, the courts can order the guilty party to make restitution for damage.

"The courts have all the necessary freedom of action

under the present provisions to use their discretionary powers," Lachance said. "Increasing the provided penalty would be like trying to kill a fly with a cannon, and the courts would simply not impose the new sentences provided," he said, in rejecting Scott's request.

Cars collide on Scotch Line Road

Charges laid in vehicle crashes

A Minden woman has been charged with failing to share half the roadway and an RR 2 Haliburton woman has been charged with making an unsafe turn as a result of separate motor vehicle accidents last week.

Mary I. Raby, 33, of Minden was charged with failing to share half the roadway after the car she was driving collided with another last Thursday. Police say Raby was westbound on the Scotch Line Road when her

car collided with an east-bound pickup truck driven by Ronald W. Newbatt, 34, of Minden.

Damage to the Raby vehicle was estimated at \$1,500. Damage to the Newbatt vehicle was estimated at \$1,000.

Reta A. Crofts, of RR 2, Haliburton was charged with making an unsafe turn after an accident Friday that resulted in damage estimated at \$1,000. Police say a car driven by

Allen Harrison, 60 of RR 1, Minden was eastbound on highway 121 when it was struck on the right side by a car driven by Reta A. Crofts. Crofts was westbound on highway 121 and attempting to turn south onto highway 519 near Haliburton Village at the time of the mishap.

Damage to the Harrison vehicle was estimated at \$400. Damage to the Crofts vehicle was estimated at \$600.

Ice fishermen report poorer catch this year than last, Ministry says

Ice fishermen across the county are having poorer luck this year than they have last year, according to the Ministry of Natural Resources.

David Atkinson, fish and wildlife supervisor for the Minden district, said Monday that creel census figures from the county's major lakes are showing that catches are down this year.

The creel census is being

conducted by two Ministry workers on Kennis, Redstone, Miskwabi, Kashagawigamog, Boshkung, Mountain, Twelve Mile and Gull Lakes.

"The fishing is not as good this year as last," Atkinson said. "All the lakes seem to be down."

Lake trout fishing was considered good in the lakes last year, but average catches

were small, in the 28-36 cm. range. There was no change in the season this year, but Atkinson said the Ministry is considering cutting back on the lake trout season throughout the Algonquin region.

"Winter fishing seems to take more small, immature fish," Atkinson said. Since a lake trout doesn't reproduce until its sixth year, the Ministry is "quite concerned" with the small size of the average catch last year, Atkinson said.

Numbers of fishermen have also been down this year, probably as a result of poor driving conditions in southern Ontario, according to the Ministry.

"Fishing pressure is about the same for lake trout," Atkinson said, "but less for brook trout."

Brook trout fishing was good last year in Blackcat, Nehemiah, Glennies, Ronald and Silver Buck Lakes last year, and is expected to be as

good this year.

Other brook trout lakes in the Minden district are now filled with coarse fish such as rock bass, pumpkinseed, and perch, and no longer produce good trout fishing, according to the Ministry. In some cases efforts are being made to reclaim the lakes through stocking rainbow trout, a tougher, more competitive species.

Lake Kashagawigamog is becoming a good spot for yellow pickerel, according to the Ministry. It was first stocked with the species about 17 years ago, but it has

taken until recently for the fish population to reach catchable levels. Yellow pickerel catches of up to 4.5 kilograms were recorded during last year's creel census.

The upper basin and Grass Lake are said to be the best areas to try, but yellow pickerel have also been caught in the lower basin.

During March, yellow pickerel fishing is also good in Blue Hawk lake in Dysart Township.

Last winter there were moderate fishing pressure and respectable catches of

whitefish by anglers on Twelve Mile and Mountain Lakes in Minden township, and Crystal Lake in Galway Township. The situation is expected to be similar this year.

The sale of dip net licenses for whitefish during the fall spawning run will be discontinued, Atkinson said.

"Last year we had quite a few complaints from tourist operators and anglers," concerned about the threat the practice might represent to the species.

Some 200 licenses for dip netting were issued last year.

Paudash fish show little contamination

Fish from Paudash Lake in Cardiff Township show a very low level of contamination, according to a bulletin from Environment Ontario.

The latest information, on fish from 32 watercourses across the province, supplements information on some 500 lakes and rivers published in the form of a "Guide to Eating Ontario Sport Fish".

Walleye up to 18 inches in length are deemed safe for unrestricted consumption, according to Ministry of the Environment tests. Walleye that are 18 to 22 inches long can be eaten ten times a week if only eaten for a week, five meals a week for a two week period, four meals a week over three weeks, or for one meal a week if consumption is to be over a period

longer than three weeks.

Walleye from 22 inches to 26 inches should be eaten for no more than three meals a month if eaten over more than a three week period, according to the ministry.

No walleye larger than 26 inches were sampled.

Smallmouth bass from Paudash Lake up to 14 inches in length are considered by the ministry to be safe for unrestricted consumption. Up to 22 inches in length, they can be eaten ten times in one week, five times a week over two weeks, four times a week over three weeks, or once a week over longer than a three week period.

Information on several other lakes in Haliburton County area can be found in the ministry's guide.

Wilfull damage charge laid

A Haliburton youth has been charged with mischief and wilful damage after two vehicles in the parking lot of the Paradise Hotel were damaged.

Christopher C. Roberts is alleged to have been at the Paradise Hotel, and to have gone outside and damaged a 1976 pickup truck owned by

Steven Swinson, and a 1979 car owned by Phillip Kirkpatrick, both of Haliburton.

Damage to Swinson's pickup was estimated at \$45, while police estimated damage to Kirkpatrick's car at \$121.

Roberts is scheduled to appear in court February 13.

Ice fishing catches on Haliburton County lakes are down this year, according to the Ministry of Natural Resources, although fishing pressure remains about the same as last year. This hut, on Lake Kashagawigamog, can be seen for miles because of its full colour British flag motif.

United Church forms Northern Pastoral Region

Area minister is appointed

The Rev. J. Henry Getz of Pembroke was inducted into the office of Area Minister of the United Church of Canada's newly-created "Northern Pastoral Region, on January 7, at St. Paul's United Church, Bancroft.

The Northern Pastoral Region of which the Reverend Henry Getz will be the first area minister, comprises a 13,000 square-mile region within the Pre-Cambrian Shield area of Ontario and includes Sebright, Brechen, Fenelon Falls, Cobocok, Minden, Haliburton, Tory Hill, extending as far east and north as Renfrew and Lanark Counties. There are approximately 60 United Church congregations in this region, with whose pastors and people Mr. Getz will have a pastoral, and coordinating

relationship.

On Sunday morning, December 31, Mr. Getz concluded 13½ years as minister of Zion Evangelical United Church, Pembroke, and five years as Presbytery supply minister at Mount Zion United Church, McGregor's Hill.

During his ministry in Pembroke, Mr. Getz served as chairman of Renfrew Presbytery of the United Church. On the Conference level, during these years, he served for eight years on the executive of the Bay of Quinte Conference and for three years on the national executive of the United Church of Canada. He has also served as chairman of the Conference Division of Ministry, personnel and education, and was a conference delegate to the General Council meeting

at Saskatoon.

During his first years in Pembroke, Mr. Getz continued as editor of the Canadian Evangel, the church periodical in Ontario of the Evangelical United Brethren Church before church union with the United Church of Canada. He was editor for 17 years altogether. He guided the congregation of Zion Evangelical Church through the change of years of church union negotiations and following the church union in 1968.

Mr. Getz was born at Killaloe and taught in elementary and secondary schools at Huntsville, Alice Township, Golden Lake, and Eganville, after graduating from the North Bay Normal School. In 1947, he began studies for the ministry. He was minister of Calvary Church, Dashwood, Ontario and of Calvary Church, Kitchener, before going to Pembroke.

Drives off cliff, man hurt

A Pickering man received minor injuries Sunday when the snowmobile he was driving went off a 25 foot cliff in Minden Township.

Minden OPP say Stephen P. Cook, 26, was operating a snowmobile in a field when it went over the edge of a cliff, throwing him off. The snowmobile continued on for an estimated one mile before it struck a tree and stopped. Cook sustained minor injuries as a result of the fall.

Damage to the snowmobile was estimated at \$500.

Damage was also estimated in a snowmobile mishap near West Guilford, February 4.

Minden OPP say William J. Dobson, 20, of Gooderham, was eastbound on Pine Lake when his snowmobile struck a tree on the shore.

Dobson was not injured in the mishap.

Illiteracy to be topic of meeting

Individuals interested in finding out about the problem of illiteracy and what can be done about it are being invited to a public meeting at Haliburton United Church next Wednesday.

A letter from the County of Victoria Social Services Department announcing the meeting, says "it has recently become apparent that there is a high rate of adult illiteracy in Canada."

The letter calls illiteracy a "tragedy" and notes that it "shows up not only in dollar loss for business but in emotional stress in the lives of the illiterates and their families."

"In response to this need," the letter says, "the Movement for Canadian Literacy has designed a program to teach concerned members of the community the skills necessary to tutor illiterates."

Valerie Wheting of the

Victoria County Social Services Department will speak about the problem at the public meeting, which is slated for 1 p.m. next Wednesday.

A lesson learned

They called it the series of the century, though no one took that billing seriously, and the games didn't live up to pre-series promotion. But the results just may have taught Canadian hockey fans the lesson of the century, and if that lesson filters down to where hockey begins, then the Soviets' victory will be a blessing in disguise.

There was a time, not so many years ago, when hockey was synonymous with the Canadian winter, when backyard rinks and boarded sheets of ice in municipal parks were common. Youngsters grew up with skates on their feet and sticks in their hands, and pickup games were as near as a frozen stream or the neighbour's backyard. Almost from the time they could walk, Canadian children dreamed of the feats of Howie Morenz, Rocket Richard, Jean Beliveau and Bobby Orr.

Today, they have a lesser breed of heroes to emulate, and pickup games are nowhere to be found. Aggressive play has won out over finesse in many minor hockey games, and the days when young players wanted to pass well and skate well seem little more than a memory.

Despite what some sports fans and a host of columnists have said, Canada's defeat at the sticks of the Soviets is not earthshaking. Hockey, after all, is a game, played for pleasure and excitement, not for life, death, and national unity.

Canadians, however, have come to see success on the rink in international competition as a measure of our collective worth, and the lesson we must accept is that we are no longer the best.

Perhaps now we will recognize that the time has come to remake the game in its old image, to emphasize sportsmanship and skill rather than the short term pleasure of victory.

It's a challenge that has to begin with the youngest players, and it's one that coaches, managers, referees, parents and fans will have to meet if we are to make hockey what it should be, a game that teaches skill, teamwork, sportsmanship and discipline.

For the good of all

Last week, representatives of county council and the Chamber of Commerce voted to name the final three members to a newly formed nine member county wide economic development commission. The formation of a commission is a positive step for Haliburton County, representing an attempt to unify efforts to improve the county's economy.

If the commission is to be an effective body, as such commissions have been in other areas of the province, it must be allowed the freedom to act as a representative for the county as a whole. It must deal with prospective investors in a clear, concise, constructive and professional manner if it is to live up to the demands of the job for which it was formed.

Central to the commission's effectiveness will be its ability to function as a body representing Haliburton County, rather than as a collection of individuals.

That means no individual on the commission, be he reeve, councillor, administrator or businessman, should attempt to use the commission for political gain. An industry that locates in Minden, Haliburton Village or Wilberforce will have the same effect on the county as a whole. It will bring more money into the area, provide jobs which do not exist at present, and will improve the tax base for services that must now be paid for by small business people and individual wage earners.

The fact is however, that municipal politicians are sometimes prone to think of the location of an industry or business as a feather in their own cap; as a means of getting votes and strengthening their power base.

Circumventing the commission would limit its effectiveness, and threaten an experiment that should provide a means of unifying divisive forces within county council and county residents.

The success of the experiment will depend on the cooperation of municipal politicians.

Icy water, heatless sun

Letters to the Editor

To the Editor:

We are writing this letter to show our gratitude and appreciation for the things we are able to do at our school. We know that it takes a great deal of time and effort to make some of these activities possible, especially our skating rink. Because of the rink many of us are able to improve our ability and have fun. We are proud of our caretakers who help to keep our school clean and build and repair things for us. Many of us enjoy being able to toboggan on a terrific hill, ski on fantastic trails, and snowshoe through the beautiful woods.

Thank you to all those that make this possible.

Stephanie O'Brien,
Grade 4A,
on behalf of the students of
Archie Stouffer Elementary School

To the Editor:

I have before me The Echo and Recorder, dated Wednesday, January 31, 1979.

The letters to the editor are of great interest to me re: the Water Fluoridation treatment for the Village of Minden.

I have in my possession two booklets. One is entitled, "The Facts about Fluoridation" by Edith F. Elliot, published December, 1956; the other, "Poison in Your Water", by Doctor Leo Spira, published August, 1957.

Dr. Leo Spira completed 32 years research dealing with fluoridation. He has degrees of M.D. from Vienna University and Prague University, also Ph.D. in Medicine from London University. He is a member of the Royal College of Surgeons, also of the Medical Society of the County of New York, etc. His clinical and experimental investigations of fluorine are recorded in 36 papers in

medical journals in various European nations and the United States. He is author of the book, "The Drama of Fluorine: Arch-Enemy of Mankind".

I read this book in the 1960s and since it was a borrowed copy, I returned it to the owner. It was expertly documented and had pictures showing before and after of mouth and gums exposed to fluoridated water. One could not help but be concerned about treatment of local water supply with the knowledge this book gave.

This letter is not meant, in any way, to enter into a debate with the professional doctors and dentists who have their signatures on these letters. These are dedicated men who have given hours and years of study and training to help those who are in need and I thank God for them.

It is because of their professional training that I believe they would be interested in these documented facts that I write about.

Some questions that I would like to put forth to the doctors:

Have they lived in an area where fluoridation has been in the water supply a number of years?

Have they studied patients before and after treatment of water supply?

Would they recognize health problems of the gums or body in a patient who had moved from an area that had fluoridated water?

How well known is the fact that fluoride is a by-product of Aluminum companies?

There are more "interesting facts" I recall from the book but they would make this letter too long.

Very sincerely,
Blanche (Minaker) Miller,
Midland, Ontario

Editor's Notebook

by Len Pizze

I can still remember those mornings 15 years ago, though they seem distant from me now, and I watch them played like a filmstrip in my memory.

At 5 a.m. the alarm would ring in my parents' room down the hall but I seldom heard it. Instead, I would rouse from sleep at the flick of a light switch and a quiet urging to get up. Outside it would still be dark, and the bright light of the kitchen would sting my sleep filled eyes as I picked disconsolately at a bowl of cereal.

If it felt hard for me then, I wonder how much harder it must have been for my father, who was not much of a hockey fan, to get up in the blackness of a Saturday morning and drive me to a rink somewhere in a suburb of Montreal for a game that I was never very good at.

For me it was fun of course, once the frigid air and the anticipation of the contest got my body moving and made my mind alert. But for him it was a chore that had to be done, a responsibility of parenthood that I and my team-mates took for granted.

While we skated up and down to warm up, the fathers, and sometimes mothers, would gather in little groups around the boards to share the sacrifice of a Saturday morning and speculate on the outcome of the game.

And when the puck was dropped they would cheer our efforts and chastise our mistakes, though I can't recall that I ever felt pressured to do well, to score the winning goal or lead the breakaway. It was exercise and competition, not a life and death

struggle, and when it was over there was always a word of encouragement from most of the parents, win or lose.

It's not much different today, I suppose. Parents still get up before dawn and load up the car for the drive to the rink. And they still gather in those groups near the boards to pass the time of day in talk.

But the nature of the game has changed in recent years. There are still good games of course, and there are still parents who believe the game is for fun and exercise, not for vicarious victory over whatever limitations life has dealt. Yet a trip to the rink for a minor league hockey game these days will also expose you to parents who urge their armoured offspring to smash, thump, club, hit, trip, and even kill, the opponents.

And increasingly, it seems, the youngsters respond. They shoot out gloved hands to hit masked faces, push sticks against backs to send opponents sprawling, ignore the puck to concentrate on knocking the other player down, and talk back incessantly to the referees.

It could be, of course, that all that went on when I was a youngster, and that I simply don't recall it. It could be that there were irate parents at the games I played in, and that they made themselves heard over the din of other fans.

But I don't recall it. All I recall is the pain of sleep filled eyes and the biting cold of Montreal Saturday mornings, and my father by the boards, interested but not concerned if we won or lost.

Perhaps that's what the youngsters of today will recall when they look back too. Perhaps.

Feir Play

by Creighton Feir

This week everyone will be focusing their attention on one of the biggest events of the winter season and that's the Haliburton Rotary Winter Carnival which is on this Friday, Saturday and Sunday, February 16, 17, 18. We hope that you will enjoy the 24 page Haliburton Rotary Winter Carnival Supplement which you will find in this issue of the Echo. This special supplement, in news and photo form, will keep you up with all the various activities which will be going on during the weekend. Every event has been listed in this supplement so there is no need of me going into any more details on it. Putting an issue such as this together was a big job. It meant the team work of each and every employee here at the Echo, who are to be congratulated on all pulling together, working late hours, and part of Sunday to meet our deadline. Our thanks also to the many advertisers whose messages you will see as you read through the pages. Without them this special supplement would not have been possible. What more can we say but to welcome you to the 1979 Haliburton Rotary Winter Carnival.

Our congratulations to Jack Hewson of Highlands Plumbing and Heating in Minden who was presented recently with the Homestead Franchise Award for the greatest contribution to the Homestead chain of stores.

Jim Hutton, Field Representative for Eastern Ontario will be the guest speaker when the Full Gospel Businessmen's Fellowship International (Haliburton Hyland Chapter) hold their monthly dinner meeting and fellowship this coming Friday evening February 16 at the Royal Canadian Legion Hall in Haliburton at 7:00 p.m. Jim was born and raised in Toronto and gave his heart to Jesus as a young teacher. He graduated from Royal Military College. While at college, he turned his back on God and became very rebellious, blaming God for the evil in the world. Jim is married and has three children. After his wife received the Baptism in the Holy Spirit in 1972, Jim started to seek God again. In 1975 he committed his life anew after six months' study of Romans. That same week he received the Baptism in the Holy Spirit.

Nine months later he became President of the Brockville FGBMF Chapter. For 8 1/2 years he was a teacher of St. Lawrence College. God has blessed Jim and his family with healings and an abundant life. Be sure to hear him.

One would have to wonder just what this country is coming to when people will go out and boo the Lieutenant Governor of Canada, as witnessed at the Quebec Winter Carnival recently. This foolishness has to stop and if necessary some discipline will have to be inserted into our system.

Recently in my column I brought up the point that the bridge and entrance to Wallings Road should be cleared of snow and ice as it was becoming very hard for motorists to come off this road onto the highway. The local employees of the Ministry of Transportation and Communications went to work on it last week and did a wonderful job of clearing away the snow and clearing off the bridge. A good job well done.

The Haliburton County Anti Pollution Committee invites you to attend Open House on Wednesday, February 28, 1979 at the Minden Municipal Office at 7:30 p.m. Films, refreshments and information. There will be a guest speaker present from the Environmental Law Association. Subject - "Acid Rain".

Rev. Raymond J. Carder, B.A., B.Th., a former rector of the Parish of Haliburton was indicted on Sunday, January 28, 1979 as rector of the parish at St. Peter's Anglican Church, Erindale, 1745 Dundas Street West in Mississauga.

At a recent meeting of the Rotary Club of Haliburton, Rotarian Ken Rydman presented a film on "Acrobatic Exercising" showing us how we can keep in a healthy condition by a good programme of walking and jogging each day. He also informed us that in April there will be a van in Haliburton. For \$12.00 you can have a medical, electro cardiograph, etc., plus setting you up on a fitness programme. Let's all get walking and jogging, but take it easy at first.

It's very easy to criticize the Post Office and its services but it's really encouraging to hear something said about it for a change. Mr. and Mrs. R. Meehan of Haliburton wish to let their feelings be known that they are more than pleased with the courteous service and efficient manner in which the staff at the Haliburton Post Office handle our mail.

The Jack Robertson Memorial Bonspiel will be held at the Haliburton Curling rink on March 7. Joe Iles will be the chairman of this bonspiel.

The Haliburton Rotary Winter Carnival parade will be held on Saturday, February 17 at 2:00 p.m. A winter parade is not easy to put together. It will take participation by all of us to make it worthwhile. Let's have our schools, senior citizens and the community getting behind it. Oh yes, we especially need our business people.

Johnston Bailey of Haliburton will be the guest speaker when the Brotherhood of Anglican Churchmen hold their monthly communion and breakfast at St. George's Anglican Church this coming Sunday, February 18 at 7:30 p.m.

The owner of the PoP Shoppe has announced that his store in Haliburton will be open Saturdays only until further notice.

Our congratulations to Charlie Plewman who is a resident at Extensicare who recently celebrated his 87th birthday.

From the Chamber

by Bob Stinson

Economic Development Commission Formed

At this year's inaugural meeting of County Council it was decided to put a new emphasis on economic development in the County. County Council approached the Chamber with the idea of forming a nine man economic development commission with three members from Council, three members from the Chamber board of directors, and three members from the public at large. It was agreed to set up such a commission and County Council named reeves Murray Fearrey, Sine Nesbitt, and Malcolm McGillvary as their representatives. The Chamber appointed President John Hogg, Vice-president Jim McLean, and Chairman of the Business Development Committee Barbara Bolin. This group met last week to consider the other three appointments, and have now named Glen Hodgson, Bill Valentine, and Chester Schwandt, as the final three members. The Chamber manager will also serve as the non-voting member of the commission.

The full commission will be meeting again this week to set out their aims and objectives for the coming year and provide the Chamber office with direction. Competition for new development among individual communities has never been tougher than it is now, so the formation of this new commission should not be looked upon as the solution to all of our problems. It is however a major step in the right direction by both County Council and the Chamber to place the relatively high degree of importance on this concern that is now evident. The results may not be immediate, but they most certainly will be forthcoming.

TOURISM WORKSHOP SUCCESSFUL

The Ministry of Treasury and Economics in conjunction with the study they are doing on the County of Haliburton, held a tourism workshop last week at the Haliburton Legion. Invited to attend were a number of individual tourist operators that they had previously interviewed along with representation from the Chamber, County Council, the snowmobile association, the cross country ski club, and Sir Sandford Fleming College. A great deal of meaningful dialogue took place which should have a considerable effect on the report when it is prepared.

The group was fairly unanimous in their opinion that more money must be spent on promoting Haliburton County as a tourist region, but there were varying thoughts on where this money should come from. Most agreed that there was certainly weaknesses in the present system where some spend more than their share to help promote Haliburton County and others spend nothing, hoping to ride on the coattails of the big spenders. It was also identified that a considerable segment of our business community fail to recognize what a large portion of their income relates to tourism.

Another major problem that was discussed was that of facilities. It appeared that for the first time this winter we are reaching the saturation point with tourism using the present facilities. In other words it is pointless to consider more promotion when the facilities are already being used at near capacity. If we are to continue to capitalize on the growth in year round tourism more adequate facilities are required and to accomplish this low interest funding is deemed necessary.

It is hoped more workshops will be planned in other areas of business concerned in connection with this study. The completed document is expected to contain not only a great deal of worthwhile information but some good concrete ideas on solutions to some of our problems.

Provincial Recommendations

A few weeks ago the Chamber mailed out an invitation to the entire membership to send in suggestions for the provincial recommendations through the Ontario Chamber. We also provided an opportunity for municipal recommendations to be supplied on this same format. We ask that these be returned by February 15 and to date we have received two replies. It is difficult to believe that our entire membership is so completely happy with things as they presently exist that they have no concerns either of a municipal or provincial level that they wish to voice. In case you just forgot to send yours in we'll give you three days grace beyond the original deadline.

The Car Races Are On

The car racing on the ice oval track that was to be part of the Minden Winter Carnival has been rescheduled for this weekend, February 17 and 18. This is a spectacular sport and should prove to be one more worthwhile attraction for those out of town that are visiting the Haliburton Winter Carnival which is also being held this weekend. Under present weather conditions the organizers certainly foresee little danger of the track melting again.

Mind sects and cults concern area MPP

John Eakins, M.P.P. (Victoria-Haliburton) wants to hear from citizens in Victoria-Haliburton who have concerns for the activities of mind development groups, sects and cults in Ontario.

He said this week that he has received several letters from people expressing alarm. Eakins said he will make their concerns known to Dr. Daniel G. Hill, former director and chairman of the Ontario Human Rights Commission, who has been appointed to conduct a study into the subject.

Last October, Attorney General Roy McMurtry announced the establishment of a study of mind development groups, sects and cults in Ontario. In making the announcement, McMurtry said, "The government has received particular expressions of concern in relation to the effects of mind develop-

ment practices and the practices of sects and cults on the mental and physical health of group members, apprehension of physical or psychological coercion, the recruitment methods and business practices used by such groups, the need for and extent of consumer protection machinery in this area, and the practice of deprogramming."

After a thorough review of all available information, Dr. Hill will recommend whether it would be in the public interest to establish a further public enquiry in this area, or to take any further action.

Eakins said the Canadians must continue to be sensitive to all issues involving civil liberties and freedom of thought and belief.

Anyone with any thoughts or experiences on this subject should feel free to contact their local member.

Pic of the Past

We thought this week that we would run our photo of the Pic of the Past in keeping with the spirit of the Haliburton Rotary Winter Carnival which is scheduled for this coming Friday, Saturday and Sunday. This photo shows Albert LaRue who has always been a big booster of minor hockey in Haliburton presenting a trophy to the Fenelon Falls Pee Wee hockey tournament played during the 1975 Haliburton Winter Carnival. The photograph was taken by Dal Hubbert.

Bill Smiley

I've bitten my lip until I drew blood. I've tried not to let the hurt show. But my close friends have noted something behind the too-bright smile, the overly-casual manner. So I might as well let it out. No use getting an ulcer.

I felt slighted to the point of humiliation when Ed Schreyer was named Governor-General instead of me.

I wasn't too disappointed when Trudeau passed me over for the Senate. I wasn't old enough, decrepit enough, or liberal enough.

But I didn't think his petty vindictiveness would go so far as to overlook me for the G.G.'s job. Just because I've written a few columns suggesting that Pierre Elliott is something less than the Second Coming.

There were only two of us in the running, obviously, but I can't figure out why the Prime Minister turned his back on me. Perhaps to garner a few hundred votes in the west, which is probably all he'll get, come June.

I have nothing whatever against Ed Schreyer as a person. I don't believe in mud-slinging, even when it comes to a sinecure. But let's look at the record, and you may begin to understand my bewilderment at Trudeau's mistake of the century.

Ed Schreyer is a politician. Governors-General should not be ex-politicians. I am not now, never have been, and never will be, a politician. Score one for me.

Ed Schreyer is too young. Governors-General should be fairly ancient, and look wise even if they aren't. I am in my prime, and by the end of my term would be approaching the drooling earnestness that my speech-writers would prepare for me. And for the second part of the above qualification, I am perfect for the part. I can look as wise as an owl about things in general, while having the intelligence of a rabbit about same. Score two.

Ed Schreyer is a family man. So am I. But I'll bet my kids were a lot more rotten than his are, and I coped with them. And how many grandchildren does Mr. Schreyer have? I wonder if Trudeau gave any thought to the millions of grandparents in this country, when he made his abominable choice?

Is Ed Schreyer a war veteran? Well, I am. There

goes the whole Legion vote, Trudeau, which you might have got if you'd had your head screwed on right.

It is now 4-0 for me. Do you begin to understand my astonishment when the no doubt worthy, but undistinguished Mr. S. was chosen over me.

Ed Schreyer was a failure. He couldn't hang onto his premier's job. I have never failed at anything. I gained my pilot's wings in W.W. 2, took an honours degree in the toughest course in University, was a successful, if poor, weekly editor, have risen to the astronomic height of department head in a high school, and have been honoured as Outstanding Columnist in Canada. 5-0.

Ed Schreyer is single-minded in Politics. An Endeep-er. I have voted for all three major parties, some of them several times. Though not a politician, I have been closely involved in politics. Have been publicity man for a liberal, an NDP hopeful, and a Tory. The Liberal won twice. Both the other guys lost.

Much attention has been given to the fact that Mr. Schreyer has an ethnic German-Austrian ancestry. So what? I am not from one of the so-called founding races either. Scottish, Irish, and a little splash of Danish when some sailors were wrecked in the Hebrides a couple of centuries ago. That sure ain't British nor French.

Speaking of French, does Mr. Schreyer have any bonds with Quebec? Well, I have. Both my parents were born and grew up there. My mother spoke fluent French. And I spent the first two years of my life in Shawville, Pontiac County, Quebec. Never mind that there was not a Jew, a Chinaman, nor a Frenchman in the village. It was still in Quebec.

Perhaps you think that, as a former politician, Mr. Schreyer knows more about patronage than I do. Nonsense. When I was the linenman on the dear old Harmonic on the Great Lakes, before she was burned at the dock at Sarnia, I knew the ropes. Give the Chinese cooks a couple extra bath towels a week, and you ate better than the passengers.

I don't want to go on and on like this, pointing out Mr. Trudeau's folly and Mr. Schreyer's shortcomings. But

it is a fact that I am better known in Canada, except among media and politicians, than he. Ask anyone in Kamloops or Moosomin or Sutton or Bridgewater. They've never heard of him.

Just a few loose ends. Does Mr. Schreyer have a son who is devoting his life to the spiritual welfare of the Third World, and speaks five languages? Or a daughter who can wheedle thousands out of her father without even asking? Or two grandchildren who can reduce a fine old house into an ancient ruin in two weeks? Let him answer that.

He has a good-looking wife who cooks exotic European dishes. I have a beautiful wife whose grilled pork chops with canned mushroom soup spread on top make you weep with gastronomic delight.

Score? About 14-0. It was a sorry day for Trudeau when he mistook gold lettering for solid gold.

Report from Queens Park

by MPP John Eakins

As you know, we are faced with a critical problem with respect to our educational system in Ontario: namely rising costs combined with declining enrolment. Provincial figures predict that total enrolment in the elementary and secondary school system will drop from a 1978 level of almost 2 million to 1.7 million by 1990 - a reduction of 11 percent. This trend combined with rising costs due to inflation means that Ontario's school system is, and will continue to be, under severe pressure. We must plan for a period when we simply won't need as many schools or teachers.

We need a creative partnership between teachers, government and local communities to plan for the modification of our educational system. The notion of working together has become almost a cliché, a common call issued by politicians when faced with difficult problems. However, in this case it is absolutely essential. Confrontation is certainly not the answer.

The declining enrolment trend has focused attention upon a number of concerns about our school system. In a recent speech in Ottawa, the Minister of Education reported on public reaction to the situation. She said: "The general theme running through the comments on the quality of education is that the present standards are too low. Parents, teachers, taxpayers and students, all reveal a sense of frustration and disappointment in their claim that this perceived deterioration in quality is responsible for apathy in the attitude of

those teaching, and mediocrity in the achievement of those being taught. Apprehension is expressed by opponents of our so-called permissive society that permissiveness in schools will further perpetuate a decline in social values. Collectively, the letters disclose the feelings of people who are seriously concerned about the future."

A major recommendation of the Jackson Report was for the Province to assume an average 60 percent share of the cost of school board operations. This would mean that the Ontario Government would spend roughly \$120 million more on education each year in order to relieve the burden on municipal taxpayers. There is also, of course, the question of how much money in total should be spent on education, as well as the overriding difficulty of reconciling rising costs and declining enrolment.

The question of tax distribution is worthy of study. A substantial number of taxpayers resent the fact that property tax is such a major source of education revenue. While, in theory, our school system benefits everyone in the community, those taxpayers without children in school - and their numbers are growing - do not perceive the benefits received. Since it is inflation which is the major cause of rising costs in the school system, and since income tax is more directly related to ability to pay than is property tax, it may make more sense to increase the portion of education costs to be borne by the income tax.

Plan Year of Child events, Eakins urges

John Eakins, M.P.P. (Victoria-Haliburton) has this week urged individuals and groups to consider the planning of special events in connection with the International Year of the Child.

While here in Ontario no special support has been pledged by the government through extra funding, and although no general grant program has been set up to assist organizations with activities in this connection, a number of ministries are developing their own focus.

The Ministry of Community and Social Services is to receive \$4 million from provincial lottery funds which is to be used for "the purpose of identifying and developing more cost-effective approaches that will improve the delivery of children's services."

An intensive immunization and awareness campaign is being mounted by the Ministry of Health, as well as a preventive dental care program. Another campaign focuses on pregnant women. The objective of this campaign is to warn of the possible consequences of poor diet and pre-natal care, smoking and alcohol consumption - the risks of low birth weight, prematurity and infant mental retardation.

The Trillium boarding school for children with learning disabilities will be opened by the Ministry of Education at Milton, and the Ontario Educational Communications Authority is producing a series of programs called "A Different Understanding", intended to be of assistance to specialists and teachers in understanding the problems and pain experienced by children who have learning disabilities.

The Ministry of the Environment has sponsored a book "Introducing Your Child to Nature", to be on sale at the Ontario Government Bookstore.

Special emphasis will be given by the Ministry of Culture and Recreation to children in the English as a Second Language program and to orientation for New

Canadians. Sports and fitness will also be given greater attention.

A number of suggestions have been made as to ways in which individuals or groups could mark the I.Y.C.

For example:
- Invite a guest speaker to talk about positive parenting, education, day care, handicapped children, children with special needs or any area pertaining to children that would be of benefit to your group.
- Contact your local Children's Aid, "Y", Big Brother/Little Sister Association or other voluntary organization regarding volunteer work.
- Construct a special children's recreation area in a local park or school yard.
- Develop a children's theatre group.
- Hold an art, music or drama festival for and by children.

Eakins said he would appreciate any comments that constituents wish to make to him, or if he can assist them with further information.

Mississauga wins tournament over 15 other Ontario teams

Grand champion Mississauga team

Grand consolation winners, Newmarket

Sixteen teams squared off last weekend in Haliburton to vie for the championship of the annual Lake Simcoe-Kashagamiagamag tourist association Atom Hockey Tournament. And when it was over, a team from Mississauga went home with the victory, while the team from Newmarket took consolation honours.

The tournament provided plenty of exciting hockey, as the teams made up in heart what they sometimes lacked in finesse.

Action got underway Friday at 3:30 when Mississauga took Oak Ridges 10-4 in 'A' group competition.

Haliburton A met a Haliburton select team after the Bramalea team could not find accommodation close to Haliburton Village and decided not to compete.

The Haliburton A team held their opponents scoreless through three periods to come up with a win and move into the championship side of the tournament.

Scoring in the first period was Paul Kuno at 1:15, unassisted. In the second period it was Tran LaRue unassisted at 9:53, Geoff Boice unassisted at 8:31, Tony Hartin at 4:47 with an assist from Ian Cooper, and Tran LaRue with his second at 2:21 assisted by Cory McKnight.

Final goal of the game came at 1:35 of the third

period off the stick of Ian Cooper, assisted by Tran LaRue.

Grand Ravine took Gloucester 2-0 and Willowdale beat Georgetown 2-0 to round out play Friday.

On Saturday Georgetown (1) rolled over Newmarket 5-0, Oshawa beat Hillcrest 3-0, South Ottawa took Keswick 5-0 and Bancroft defeated Minden 6-0 to complete first round play.

Consolation action got underway at 1 p.m. when Oak Ridges came up with a 3-2 win over Gloucester.

the first and one in the third before Haliburton got on the board, at 3:12 on a goal by Darryl Tunall assisted by Tran LaRue.

Willowdale scored once more in the period to take the win 5-1.

Newmarket beat Keswick 2-1 to advance to the A consolation game, while Minden defeated Hillcrest 2-1 to move to the B consolation game.

The teams were tied at one apiece at the end of regulation time, Minden's goal

10 a.m. when Georgetown (2) took on Minden for the B consolation championship.

Minden stayed close to Georgetown throughout the contest, but couldn't connect for goals, while Georgetown put two into the net, one in the first and one in the third to gain the win.

Oak Rides faced Newmarket in the A consolation game, and came up on the losing end of a 2-1 score.

Willowdale took on Oshawa at 12:30 for the B championship crown and also came out on the losing end of a 4-2 tally.

In the A championship game, Mississauga outclassed Ottawa 5-2 to round out

the championship side of the tournament.

Newmarket met Georgetown (2) at 3 p.m. for the grand consolation game.

Georgetown scored first, at 7:42 of the first period, but Newmarket came back with two at 1:38 and the ten second mark to head into the second period with a lead.

Georgetown evened things up at 8:39, but couldn't connect again throughout the game, while Newmarket found the Georgetown goalies number and put four more into the net, one in the second and three in the third to win the grand consolation trophy.

In the championship game,

Cont'd. page 7

Mississauga 5, Oshawa 0

In the next game Georgetown (2) took on the Haliburton selects and came up with a 5-1 win. Haliburton's loan goal of the contest came at the 7:51 mark of the second period when Erin Nicholls banged one in unassisted.

Action on the championship side of the tournament opened at 3 p.m. when Mississauga took on Grand Ravine and wound up with a 4-3 victory.

Willowdale and Haliburton "A" met at 4 p.m. and the stronger and larger Willowdale youngsters were more than a match for the local players.

Willowdale scored three in

coming off the stick of Daryl Ward assisted by Glen Hall and Tom McLeod.

In a shootout it was Minden's Glen Hall putting one past the Hillcrest goalie to give Minden the win 2-1.

A Hillcrest player received a match penalty as a result of a kicking incident.

Georgetown (1) faced off against South Ottawa at 7 p.m. and came up with a 3-0 win to move on to the A championship game against Mississauga.

In the final game of the day, Oshawa met Bancroft and won 5-0 to gain a place in the B championship match.

Action resumed Sunday at

Mrs. Myrtle Davies, mother of the late Bill Davies, presented the Bill Davies Memorial Trophy to the representatives of the Atom team from South Ottawa, Sunday at the Dystart arena at the conclusion of the LKTA Atom Tournament. Looking on are referees Claude Parish and Gary Brohman. The trophy, donated by Haliburton referees, is awarded to the team displaying the most sportsmanship in the tournament.

Harvey Williams, president of the LKTA, presented the championship trophies to Bryan Maltby and Doug Hebert of Mississauga after the team took the overall title in the Atom tournament Sunday.

Pee Wees win three straight, play Coldwater in next round

Haliburton Pee Wees outplayed Cannington last Tuesday to complete a three game sweep of their best of five playoff series.

Cannington came on strongly on their home ice in the first period, but once Haliburton got rolling early in the second, they kept the momentum and left Cannington behind throughout most of the game.

Cannington opened the scoring early in the first period, finding the net at 2:30, while Haliburton's Vince Duchene was sitting out a two minute penalty for tripping.

Though both teams had opportunities for scoring throughout the rest of the period, neither was able to chalk up a goal.

In the second period it was Cannington again coming on quickly, with a goal at the 1:53 mark. Haliburton's Jeff Bain made it 2 to 1 at the 3:30 mark, assisted by Harold Rowbotham.

Cannington retaliated with another score at 5:12 of the period, but from then on it was Haliburton all the way, with Cannington unable to score throughout the rest of the game.

Haliburton's Chris LaPorte banged one by the Cannington netminder at 7:50 of the period to cut Cannington's lead to a single goal. It didn't take Haliburton long to tie things up, as a disorganized Cannington team was unable to stop rushes from Haliburton's forwards. Mike MacNaull got the third goal at 10:02, assisted by Harold Rowbotham.

The go-ahead goal came off the stick of Vince Duchene, who beat the Cannington goalie cleanly at 10:53.

Haliburton lengthened their lead late in the third period, when Kelly Mitchell

took a pass from Barry Boice and scored at 13:33.

Trailing by two goals, Cannington tried the desperation strategy of pulling their goaltender, but it backfired when Haliburton's Mike MacNaull sent one into the open net with just 18 seconds left in the game. Final score was Haliburton 6, Cannington 3.

The Pee Wees will now face Coldwater in the second round of the playoffs.

Huskies meet Bobcaygeon in series

Action in the championship game

Midgets take series 3-1 to advance to second round

Haliburton Midgets took two games from Cannington last week to win their playoff series three games to one and advance into the next round against Coldwater.

It was all Haliburton in Cannington last Wednesday as the teams squared off for game three.

In the first period it was Dave Dodd from Bryan Lloyd at 11:45, and at 5:03 Butch Manary unassisted.

In the second period, Haliburton scored four unanswered goals, Darryl MacInnes from Manary and Roger Hicks at 13:30; Manary from Doug Tallman at 11:02; Rob Abbs from Tony Scheffee and Manary at 10:40, and Dave Dodd from Hicks and Paul

Madden at 3:41.

In the third period, Tallman scored from Manary at 14:09, MacInnes scored unassisted at 12:24, and Manary scored from Ed Davis at 6:57 to make it 9-0 for Haliburton, and move them ahead two to one in the series.

The action was closer Saturday as the teams met for game four. Trailing in the series, Cannington went all out in what proved to be a well played game by both teams in a series that had been marred by choppy play and a spate of penalties.

In the first period it was Mike Rae chalking one up for Haliburton at 12:56, assisted by Darryl MacInnes and Doug Tallman.

Cannington tied it up at the 55 second mark of the second period. The tie didn't last long however, as Haliburton took a two goal lead on a pair of goals by MacInnes, at 3:33 from Rae and Hicks, and at 8:00 unassisted.

Cannington came back to tie the score in the third with goals at 7:28 and 8:32.

With less than a minute and a half left in the game Tony Scheffee scored the winner on a fifty play with Butch Manary and Rob Abbs. With just 15 seconds left, Haliburton put the game out of reach on a goal by Tallman, assisted by Manary.

Final score was Haliburton 5, Cannington 3.

Atom tourney

from page 6

it was Mississauga all the way, as they blanked a determined but occasionally disorganized Oshawa team.

Mississauga scored one on the first and four in the second on the way to a convincing 5-0 victory, and championship honours.

A number of individual awards were handed out for tournament play.

Voted best goalie on the A side was Georgetown (1) Steve Tucker. On the B side it was Oshawa's Kenny Vandusen who got the nod.

Defensive honours went to Georgetown's Dennis Doucette on the B side, and to Newmarket's Gareth Evan on the A side.

Best forward on the B side was Oshawa's Terry Dyck. On the A side it was Mississauga's Bryan Maltby who took the honours.

Most valuable player of the tournament was Newmarket's Darril MacKinlay.

The team displaying the most sportsmanship for the tourney was South Ottawa, coached by Peter Ananny, trained by Nelson Feader and managed by Barry Brouse.

The second place finish means the Huskies will meet Bobcaygeon in a best of seven series that should be over in four straight. Bobcaygeon has won only one of its 19 games this season.

First place Lakefield will meet fourth place Bewdley in a best of three out of five series, while third place Bancroft must await the outcome of the series before heading for a three out of five series with the winner.

The arrangement guarantees that the Huskies will meet either Lakefield or Bancroft for the league championship.

In the final four games of regular season play, the Huskies won three and lost one.

Sunday, January 28, the Huskies travelled to Lakefield for a game against the league leaders, and came out on top at the end of three periods.

Haliburton scored three in the first period, one in the second and one in the third while Lakefield had one in the first, one in the second and two in the third in 5-4 losing effort.

Scoring for the Huskies were Dave Brown, Chris Hodgson, Ed Roberts, Tim Oram and Joe Roberts. Haliburton racked up 40 minutes in penalties to Lakefield's 24 minutes in the game.

Friday, February 2 saw the Huskies travel to Bobcaygeon for a game that was less one sided than the two team's meetings have been through-out the season.

Haliburton opened the scoring at 2:50 of the first period off the stick of Dave Brown assisted by Barry Shaw and Tim Bain. The Huskies went ahead 2-0 at 2:53 of the second period when Ed Roberts scored unassisted.

Randy Barras made it 3-0 at 7:14 of the period, and it looked like the Huskies were

heading for another bout of the fifth place team, but Bobcaygeon rallied at 10:25 of the period.

Bobcaygeon got off to a quick start in the third period, scoring at the 14 second mark to narrow the spread to one goal.

The Huskies Dave Pettes put the team out front by two again, at the 1:10 mark, with assists from Joe Roberts and Barry Shaw.

Bobcaygeon scored again to make it 4-3 for Haliburton at 3:13.

The insurance marker for Haliburton came at 7:11, when Dwight Sisson slipped one past the opposition goalie with assists from Chris Hodgson and Mike Iles.

Final score was Haliburton 5, Bobcaygeon 3.

The Huskies were on home ice Sunday, February 4 for a game against fourth place Bewdley.

They outplayed their chippy opponents through three periods, and came out on the winning end of an 8-3 score.

The Huskies got three in the first period, with Tim Bain scoring at 4:42 assisted by Tim Oram, Andy Salvatori at 6:24 from Joe Roberts and Tim Bain, and Dave Brown at

18:36 from Ed Roberts and Tim Bain.

Bewdley's only goal of the period came at the 10:37 mark on a powerplay while Salvatori was sitting out a tripping penalty.

The Huskies got three more in the second period. Joe Roberts scored at 4:33 assisted by Tim Bain, Barry Shaw at 11:36 assisted by Bain and Brown, and Tim Oram at 18:26 from Salvatori while the Huskies were shorthanded.

Bewdley got two in the period, at 1:51 and at 9:32.

Haliburton racked up two more in the third period, when Tim Bain got his second of the night at 13:13, and

Barry Shaw got his second at 19:26 on a power play, assisted by goalie Craig Wood.

Final score was Haliburton 8, Bewdley 3.

The Huskies' winning streak was snapped Friday when they travelled to Bancroft for a game against the Jets.

Bancroft tallied first, scoring at 5:15 of the first period, but the Huskies' Dwight Sisson tied it up at 7:32 assisted by Chris Hodgson and Andy Salvatori.

Bancroft got two more in the second period, at 11:09 and at 19:48 on a power play.

The Huskies came out charging on the third period,

netting two quick goals to tie the game early in the period. Salvatori put one past Bancroft at 22 seconds, assisted by Hodgson and Larry Stinson, and Dwight Sisson got his second of the night assisted by Hodgson and Salvatori at 58 seconds.

Penalties hurt the Huskies for the rest of the period, as Bancroft netted three more, at 4:51 and 9:14 on power plays, and at 11:26 while the teams were back at even strength.

Final score was Bancroft 6, Haliburton 3.

Game time for the opening game of the series against Bobcaygeon is 8 p.m. Sunday.

Strong third period for Tri County team

Bantams beat Cannington

Haliburton Tri-County Bantams came up with a win in Cannington, Saturday, on the strength of a strong third period.

Neither team got on the scoreboard in the first period. It wasn't until the 13:22 mark of the second period that

Haliburton got on the scoreboard when Dwayne Giles beat the Cannington goaltender unassisted.

In the third period, Cannington evened the score with a goal at the 4:52 mark.

Haliburton got the go-ahead marker at 6:32 off the stick of Tony Vanlieshout,

assisted by Jim Bird.

The insurance marker came with just a minute and 51 seconds left to play in the game, when Marla MacNaull took a pass from Dean Curry and connected for the score.

Final score was Haliburton 3, Cannington 1.

Along the Trails by Roy Bates

Success and Failure

Last week's papers reported on two snowmobile rallies, the L.K.T.A. event, which was less than satisfactory and Whipper Watson's Snowrama for Timmy, an outstanding success. Perhaps I can be permitted some analytical comments.

One, the successful one, was as we all know, strictly a fund-raising event for a very worthwhile charity. It was well organized, well planned, enjoying the full cooperation of two Easter Seals service clubs and the local snowmobile association. It gave the snowmobilers of the area a golden opportunity to help the community while doing what they love to do most, which is ride for fun. We can be relatively certain that such events will continue successful well into the future.

The L.K.T.A. rally was very largely a commercial venture, designed apparently to attract snowmobilers from outside clubs to the tourist facilities of the association's members. It was a great idea, and a commendable effort, but one could drive a snow-

mobile through the holes in the planning.

First of all, the date was an unfortunate choice. Snowrama was being run on that weekend, not only here but in many locations across Ontario. Snowmobilers cannot ride in two places at the same time and obviously Snowrama is the greater attraction. A few local snowmobilers rode both events but for most, one rally on a given weekend is sufficient.

There is some doubt that a rally such as this is very much of an attraction when it is staged on trails already familiar to most participants. The excitement just isn't there. Staging the ride on new trails, and ear-marking a portion of the entry fee for trail improvement could make a world of difference. It is unfortunate that the local snowmobile club, having considerable past experience with rallies, was not involved in the planning. We do hope the L.K.T.A. will not give up after this year's poor showing. And it was not a total loss. The publicity and promotion, the letters written to outside clubs, all helped to put Haliburton on the map for winter recreation. The returns will be forthcoming.

Extendicare News

by Dr. W. O. Anderson

The week started for the ladies by a stint at the quilt. Mrs. Simone Harrison was helping. She is a good friend of Extendicare. It was Simone who made our Christmas stockings this year and 64 is a lot but as she says, she enjoys it.

Monday during our midday walk in the village our attention was directed to a squawking sound in a clump of bush that left us wondering if maybe it was a quail, or a hawk, or some such at this time of year. Some of you may have more accurate conclusions.

Tuesday afternoon was a very busy game of bingo with all the participants identical to a week ago. Jake doesn't tire but as a player as well as the rest of us.

For some reason though hunting season is far behind, we try to construct the trials of an average would-be hunter. It combines woodcraft, orienteering, endurance, a very strong back, a good gun with expert skill, plenty of warm duds and last but not least a compass. We may have left a few needs out to

invite the critics, even a good cook. The weather is not always accommodating. You get to camp through mud, maybe slush with side brush slapping you with rain soaked, or snowy branches. On arriving it takes an hour or so to organize, set up a stove, get a fire going drying things out, and arrange for sleeping, not waiting for dark to do it. You have no dogs, called still hunting, so hope a deer or moose will just happen along. At last you get a chance with a

At last you get a chance with a moose 50, 100, maybe 150 yards, maybe metres away, a good clean shot and not another hunter, getting the critter with the first shot but firing a second to be sure. After stunning the creature and opening the jugular, then needing a lot of strong muscle to open and remove the guts, the belly is propped open with a strong stick when it is ready to be hung up out of the reach of predators. Your biggest problem is to get the carcass home into the deep freeze. Formerly it was cut into big chunks and each hunter, one

or two on his back. Now it is contrived to use strong dependable bush vehicles to tow the carcass to the nearest travelled road. You had a good part back in camp when the heart and liver were cooked and eaten.

We have a surprise, the lone marigold survivor of possibly a host of seeds garnered from last year's bloom, is now about to come into bloom itself as a house plant. Naturally we give it an abundance of pot room without in any way disturbing its roots. It is a very interesting success. Our own garnered mignonette is doing very well with now at least a dozen quite healthy seedlings. All of the poinsettias make quite a display as well as our philodendrons, which are very green, clean and sturdy. We hope we can add pansies and petunias as blooming house plants; at least it is worth a try. Our boston and bamboo ferns are both very nice pets.

We were given a nice surprise Wednesday morning at the regular monthly meeting of the Happy Gang. As part of the agenda we were

discussing the purchase of a work bench, when Berkeley Feir volunteered to contribute a substantial amount toward the cost. With a certain amount of reluctance we agreed to his offer. A local hardware store, on learning of our intentions, offered to show us a bench from their stock. The one they brought was an amazing gadget for the price, and the offer of a nice discount decided us to buy. Thanks Berkeley; Honourary editor of The Haliburton County Echo and Minden Recorder.

It has been pointed out that an unfortunate assertion entered into the reporting of the Bible study group a week ago. Mrs. June Devolin did not even mention the plight of the natives living in the North West Territories. To say we are sorry does not right a wrong but we are sorry anyway.

Friday morning was our devotional period with Jim Cooper of the Gideon International in Canada our sky pilot. Mrs. Kim Brown, a Christian neighbour of the Coopers, played the piano. Besides a good turnout of residents, Mrs. Doris Cooper and Mrs. Eileen Morrison were on hand to sort of look after trifling irks. The theme was God's concern for man that he did not fall into evil ways. He shut Noah into the ark to separate him from

mankind and this likewise shut mankind from Noah. After the rain stopped he established the rainbow as a covenant not to cause such a rain again. In the early Bible, God shortened man's life span three times for the same purpose; His discipline. Everyone was invited to the after service snack of tea or coffee and cookies.

In the afternoon were movies. First, 'The Nature of Things', focussed on polar bears, showing his life style, magnificence and the efforts of man to give him the protection he needs. It was a worthwhile film and all enjoyed it. The second, 'The Saddle Maker', showed a teenage girl who has a yen for a saddle and how she contriv-

ed to accomplish her aim. We will call it a cute film.

The principles of Real Caouette's social credit theory has world acceptance and usage; in the West, Canada included, in the guidance of capitalism, in the soviet et al in the guidance of authoritarianism. Real was a fine Canadian. Gold is important but only in the same sense of any other commodity, the law of supply and demand.

Capt. Doug Barry of the Haliburton Salvation Army, with two of his officers, Mrs. Amelia Sibley and Mrs. Lillian Hague, paid a nice call on us Sunday afternoon and gave us a welcome interval of sacred music and songs. Capt. Barry was calling on some of our residents who are not so well.

West Guilford News

by Jackie Barry

Mr. and Mrs. Tom Jowett, who are now living in Willowdale, visited here on the weekend with family and friends.

Visitors with Jack and Kay Barry on the weekend were Mr. and Mrs. Tom Barry, and daughters Dale and Andrea of West Hill, and Mr. Tim

Dobush and Mr. Tom Caville.

Mrs. Bessey Sims is now home from the hospital.

Carl Simms and Jack Barry made a business trip to Collingwood on Monday.

Mr. and Mrs. William Taylor (nee Elaine Carr) have a new baby boy.

Wilberforce News

by Winnie Schofield

A very big two days of hockey are coming up on February 17 and 18 at the Monmouth arena. The Scarborough Lions Club are bringing five teams and expect to get underway on Saturday at 11:30 a.m. The schedule for Sunday begins at 10:30. Looks like lots of great hockey and your attendance at the games will provide great encouragement for the teams. During this time there will be a bake sale held at the Watson Memorial Centre. Added to this are sales of crafts and jewelry and pamphlets on Christian education. All proceeds from these events are for minor hockey.

Wilberforce has lost two residents with the passing of Mrs. Molly Hayman and Mr. Percy Casey. Our sympathy goes out to members of the families for the loss of their

loved ones.

Wilberforce Curling Club Bonspiel was held February 2 and 3. The enthusiastic contestants enjoyed some splendid games. The indispensable Keith Cameron was on hand to look after fees and tally up the scores. Final count saw Chuck Lindsay and his rink clearly the winners having three games to their credit. Tony Berning's rink secured second place while third spot was split between the rink of Fred Berning and that of Reg Schofield. Prizes were presented by Tony Berning and following this a luncheon was served by the ladies of the club.

Members of the Wilberforce Volunteer Firemen's association are organizing a "First Response Team". They will be taking a four day course of instruction to pre-

pare them for emergency calls to highway accidents, heart attacks, etc. Object of the course is to teach the use of inhalators, stretchers and first aid equipment and the proper preparation of accident victims before the arrival of an ambulance.

An instructor from Toronto will be on hand to direct the course.

Congratulations to those in charge of snow removal equipment for the terrific job they have done this winter in keeping all that white stuff pushed back and providing good roads for safe travel.

The annual Red Cross meeting will be held Monday, February 19 at 8 p.m. Reports will be given by each convener. Promotional films that are of interest to the area will be shown. There will also be a brief on future plans for the 1978 season.

Chatting with Irene

by Irene Moore

I was watching a T.V. program the other day, and it said that the U.S.S.R. was having one of the worst winters they had experienced in years. They have nothing on us, for it is a long time since we have had as much snow and such cold weather for such a long time. I hope everyone kept their cars plugged in. The one low I heard of was -42 degrees F. on Sunday morning. This was a few miles out of town. When our temperature was checked it was close to 35 below. Oh well, as I said before, this month is short, then comes March, but the Almanac says that near the end of March we should get some rain. I sure hope it isn't cold rain, or we will be having snow on our lawns come June. What lawns you say? Well, they are still there under all that snow. The sun is warm and I sure hope it takes some snow away. Cheer up, Spring is somewhere.

The Library - Museum Committee are very busy these weeks, because they have finally received word from Wintario that they can go ahead with the feasibility study for the new complex. This has been the hold up, but now things will start to roll I hope.

Mr. and Mrs. Carl Sisson of Lindsay spent several days recently with Mr. and Mrs. Taylor Kernohan.

Did you know that if the temperature is cold, you should never wear one heavy item of clothing. If you wear layers of light weight clothing, the warm air between the layers protects you much better from the cold, as over-dressing to perspire defeats the purpose because the wetness makes you chilly. Sounds sensible, doesn't it.

Winners at the Mini Card Party last week were: bridge, Dianne Warnes; cribbage,

Joyce Hewitt and Anne Rockey; euchre, lone hand (on a cut), Pearl Cowen, Shirley McGee and Alice Morrison.

Mr. and Mrs. J. Walter celebrated their wedding anniversary at the home of their daughter Nancy Bussey, recently.

The Women's Institute will be having their February meeting at the United Church Hall on the 21st. The time is 2 p.m. and it is hoped that all interested ladies will attend. Roll call is "A garden hint". Mrs. Ern Hewitt convenor of Agriculture and Canadian Industry is in charge of the program.

Tammy and Lori Graham of Toronto and Michael Groh of Huntsville visited with Mr. and Mrs. Taylor recently.

Minden I.G.A. has been closed for Monday and Tuesday of this week, but will be open after that. The store felt a good overhaul was needed and the owners are doing just that.

Mr. and Mrs. Craig Morrison of Islington and Myles Morrison of Hamilton spent the weekend with Mrs. Alice Morrison.

How many watched the Challenge Cup series? They were all good games but the Russian team deserve a lot of credit for they sure can play good hockey.

Mrs. Irene Burns has been visiting with Mrs. Joyce Hewitt.

Some have asked me to put the snow candy recipe in the paper again, and with all this snow this is a good time to do it. Melt 2 cups of white sugar in a frypan, once melted let it boil until it threads, stirring all the time so it won't burn. Have a pan of clean snow ready, and once the sugar threads pour it over the snow. It will harden and the kids love it. An iron pan is best.

Bringing the Tuesday afternoon bowling up to date: high average - Jim Grant 184; Hetty Green 202; high single - Rowland Sedgwick 336; Ruby Francis 330; high triple - Rowland Sedgwick 694; Hetty Green 766. Team standings - Peggy Brown 97; Flo Burnell 86; Isobel Sanders 82; Marie Reynolds 80; Lily Burridge 73; Eleanor Young 69.

Have you got a ticket on the micro wave oven and stand being raffled off by Minden Minor Hockey? If you want one you can get it from any of the executive or at the ticket office. The Juveniles after losing the first game, and having goalie Mike Bird hurt, came back on the weekend with goalie Kelly Young in the net and won their series against Ops. Now they will play Oakwood, so watch the posters for times and places. This is a determined team.

The Minden United Church Women held their first meeting of 1979 at the church hall on February 5. The new president, Mrs. Phyllis Miller welcomed over 30 members and visitors to the meeting. Past president, Mrs. Irene Moore was honoured with the presentation of a life membership pin and certificate in recognition of her many years of service in the U.C.W. Mrs. Moore thanked the ladies for the support given her and asked all to support the new president in the same way.

Mrs. Alice Todd conducted

the devotional. Mrs. Thelma Ewing sang "The Stranger from Galilee" then Mrs. Todd read a meditation on the passages in the Scriptures telling of the incidents of healing by Jesus. This was followed by prayer. The offering was dedicated and the devotional closed with all singing one verse of "When Mothers of Salem".

As this is the year of the child, a film "I'll Find a Way" showing the determination of a handicapped girl to live a full life concluded the program.

The business part of the meeting was then conducted and the following dates set for main events in 1979: July 18, summer supper; November 16, Christmas luncheon and bazaar.

For information regarding the single parents meeting, Thursday, February 15, please phone 457-1537.

Last Thursday and Friday our son and I went to Bracebridge to visit with the Alan Brydsons. To the boundary, the roads were not good but better after we passed the boundary and if you want to see a summer highway in winter, try 118 on the other side of Bracebridge. It was fantastic but to get back to Haliburton County Road 1; it sure isn't that good. I was amazed at the way it was, also Highway 35. They were not nearly as good as they should be.

Adios and take care now.

BANKS GENERAL STORE

PINE STREET

"The People Store"

Hello folks:

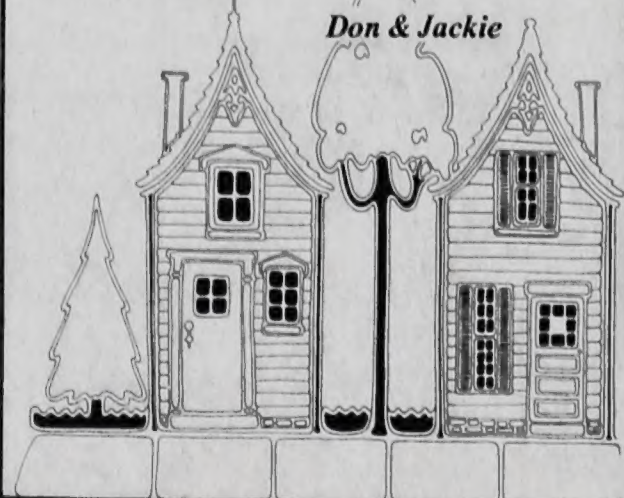

It's been quite awhile since we've said hello. But now that the excitement of Christmas, New Year's, our first grandchild and moving has all but tied us down, we're glad to be back.

Don is still bringing up all that fresh produce on the weekends and having a great time in spite of the snow.

We have begun to stock up on rug hooking and wall hanging supplies. Not very much as yet as we would like your assistance in choosing various canvases or plain canvas if you wish to design your own.

Come in and pick out what you would like from our catalogue and we'll order it for you. A nice way to spend the winter months.

Don & Jackie

Muttarts make it easy and economical to nail down a home of your own

Easy? You bet! After you acquire your own lot there's no down payment* and a Muttart mortgage has budget-easy monthly payments. You can pay cash and enjoy a special discount.

Economical? You bet! By building your home yourself you can save hundreds of dollars. No special skill or tools are required.

Energy saving? You bet! Muttarts provide Friction Fit insulation... R-12 3 1/2" in walls and R-28 8 1/2" in the ceiling. Additional insulation and other energy saving options (2 x 6 walls and triple glazed windows) are available.

Variety? You bet! Muttarts have over 38 different floor plans and, to make your home more personally yours, our Home Planning Service allows revisions at reasonable cost or help in the development of your own plan.

Guaranteed? You bet! The structural design of every Muttart home meets or surpasses the Building Code — Ontario Regulation 925/75. Muttarts also guarantee materials and manufactured components for one year from date of delivery.

There are many more sound reasons why a Muttart home is your best value. Get complete information from your nearest Muttart representative today.

*Minimum \$150 plan kit deposit is required. To meet the new regulations, metric measurements are shown on all plans.

MUTTARTS NAIL DOWN 1978 HOME PRICES UNTIL MAY 15, 1979

You are invited to get full details from our Representative, Mr. Doug Miller, at the E.J. Motel, Highway 121 in Minden on Thursday, February 22. Open from 1 to 9 p.m.

Be sure to visit or phone (286-2152) Doug and ask him for your FREE 1979 brochure on Muttart Homes.

THURSDAY AND FRIDAY NIGHTS UNTIL 9

Bill Scott, MP for Victoria-Haliburton was in Kinmount Saturday for the grand opening of a laundromat and store complex owned by Don Williams of Davis Lake. Williams, left, holds the ribbon while Tom Wilson, centre, operator of Wilson Electric and Floor Coverings shakes hands with Scott during the ribbon cutting ceremony.

District News

Senior league

On February 2 we held our annual dinner party when we invite one couple for each resident to have dinner with us. We had approximately 50 guests and the auditorium was full. The dinner tables were decorated with Valentine name cards and flowered candles. Mark Schell and the cooks served a beautiful dinner with roast chicken, dressing, vegetables, mashed potatoes and gravy with a scrumptious lemon pie for dessert. There certainly was a lot of work put into preparing such a lovely meal and I

must add it was well served too. While the tables were being cleared we had a sing song and after we had the pleasure of listening to Marilyn Stouffer singing and accompanied by Bill Gliddon. By the way Bill sang one song with Marilyn. It was thoroughly enjoyed by all. Last but not least we had the pleasure of having the Scottish Dancers here to entertain us as well with their Haliburton tartans and dancing shoes. This group's leader is Earl Cooper who

certainly is well known in this area. Monday and Wednesday mornings were our fun and fitness programs and in the afternoons were crafts for the ladies and carpet bowling for the men with Lloyd Coleman taking time to come and participate and keep score. Tuesday morning chapel service was taken by Rev. Barker from St. Paul's Anglican Church in Minden. This was a communion service. Thursday's afternoon tea was served by the ladies from the Minden U.C.W. Every-

one sure enjoyed the lovely lunch. Thank you girls. Friday afternoon we once again enjoyed Grace Cobourn and Lucille Clarke on the piano. We had two birthdays last week, namely Mrs. Ellen Knight and Alice Fearney, both on February 6. Many good wishes go out to the two birthday girls. We also would like to thank the boys from the Kinsmen Club who came on Thursday night to call out our bingo numbers for us. We would like you to know we appreciate it. So long until next week.

Dorset News

by Phyllis Briscoe

"It is not the hours you put in that count, but what you put into the hours."

February 22 is Thinking Day for the Rangers, Guides and Brownies. On that date, which is a Thursday, they will hold a meeting in the Dorset Community Centre, at 7 p.m. The different groups from Dought and Baysville will also be attending so there will be quite a number of young people gathered together. The public is invited to attend.

A delightful evening was enjoyed by the Dorset Senior group at their meeting Wednesday held at the Rideout Community Centre. Joyce and Leon McKey explained the art of ceramics or pottery making and had some of their beautiful creations on display. The group took a keen interest in the different methods of producing the finished product and the different stages it goes through. It was a very enlightening and entertaining evening.

We had a fire in the village last Saturday a week ago when the main building at Tower Hill Marine was completely gutted. The Dorset

Fire Department responded to the call and put the fire out. Luckily there were no casualties. Our sympathy goes out to the owners of the Marina.

Mr. and Mrs. Walter Taylor of Paint Lake Road were guests of honour at a reception and family dinner given by their children at the Old Stone Mill at Niagara Falls, Ontario. The occasion was their 50th wedding anniversary on February 12. The guests of honour received many lovely gifts as well as congratulations from the Governor General, the Prime Minister of Canada, Leader of the opposition, Premier Davis, M.P. Stan Darling and M.P.P. Frank Miller.

A number of local citizens are still fighting the flu. We send them all get well wishes and special good wishes to Ellen Avery who has had a prolonged shut-in period with flu and complications. Get well wishes to those in the hospital, remembering Arley Waloshuk who is seriously ill in Huntsville Hospital.

And don't you wish this extremely cold weather and the deep piles of snow would just go away? I know I do.

Guild of Fine Arts News

by Carole McLean

This weekend will see Haliburton a hive of activity - with people coming from all parts of Ontario to join in and celebrate with our annual winter carnival. If you have guests arriving for this special holiday weekend, make sure they have the opportunity to visit all the activities that will be in progress, especially our own winter carnival show and sale at Lakeview School. Let's show everyone how proud we are of our own crafts people.

Reminder...if you are a crafts person and would like to exhibit your craft at the show please call 457-1680 and ask for particulars, or bring your craft to the school on Wednesday evening February 14, 7:30 p.m. - 8:30 p.m. or Thursday February 15, 11:00 a.m. - 3:00 p.m. We hope to see you there.

At this time I would like to thank Linda Beachli for her help in furthering the objectives of our Guild of Fine Arts, that is in making Haliburton County known as the crafts centre of Eastern Canada. Linda has done this simply by having the courage and initiative to call upon our own crafts people to supply prizes and trophies for the Haliburton Curling Club's annual Highland Mixed Bonspiel. From all reports her experiment was warmly received, and all enjoyed the crafts supplied. With the help of people such as Linda it won't be long before The Guild of Fine Arts and Hal-

burton County are recognized in this field.

A special thank you as well is extended to Barb Bolin for her support in this endeavour.

Guild History
In January of 1968 with the Haliburton School of Fine Arts firmly established in the old Carroll Building, Sir Sandford Fleming College's policy that courses which did not bring in sufficient fees to pay instructors would be cancelled was adopted by the Haliburton extension. The administration however, was generally left in the hands of the local volunteers, with Jan Augustijn acting as unpaid director. The business acumen which negotiated union contracts for multinational corporation served the Haliburton School of Fine Arts well.

With a gallery and office space at its disposal, the management committee, like a general's staff planning strategy, launched a saturation barrage of culture to keep alive public interest and prepare the ground for local participation in the proposed summer classes. It included films every Friday night, lectures, demonstrations and travelling exhibitions booked through Paul Bennett, Director of the Arts Institute of Ontario, who 'proved' most valuable in securing teachers for the 1968 summer school. Offering instruction in areas of arts and crafts as yet unfamiliar to the committee

made them totally reliant on opinions of such experts as Paul Bennett.

The value of his contribution is evident from an interview the executive had with a well-known potter regarding her future engagement as a ceramics instructor at the school. When she

learned that Chisuko Shimano, an expert in Japanese pottery techniques and ceramics generally, would be teaching at the Haliburton School of Fine Arts in the summer of 1968, the lady herself stated she would attend as a pupil, and she did. Next week...Local artists as teachers."

Mr. and Mrs. Clayton Barnum

Couple mark anniversary

Clayton and Winnifred Barnum celebrated their 50th wedding anniversary recently at a gathering of family and friends in the West Guilford recreation centre. The festivities were organized by the couple's son and daughter-in-law, Terry and Norma Barnum. Others involved were Mary and Ray Cameron, Wilda and Albert LaRue, Alice and Frank Barnum, Thern Varty, Irene Sawyer, Ruby Lewis, Jacqueline Yuteman, and Gloria Barnum.

Mr. and Mrs. Barnum were born and grew up in West Guilford. The couple were married November 21, 1928 at Haliburton United Church. They left the area in 1939, living in Peterborough and Cobourg. In December, 1977, they returned to the area to take up residence near Haliburton Village.

Guests present were from Chatham, Dresden, Peterborough, Cobourg, and the Haliburton area. Mrs. Edith LaRue, mother of the bride, was also present, as were the couple's grandsons Kevin and Ricky Barnum.

Scott LaRue spoke of the couple's married life. Ray Jenkins played the wedding march followed by a number

Coboconk News

by Shiela Lake

Looking tanned and rested and back in the insurance office are Joan and John Bryant, just returned from a vacation in Acapulco, Mexico. They were surprised to see so many Canadians also there vacationing and delighted to meet folks from Bobcaygeon and nearby areas.

I made a boo-boo in last week's column. Mike Jones of Lindsay is a nephew, not a son, as I wrote, of the late Doug Jones. My apologies for the mistake.

Arnold and Marie Rutter left last week for a vacation in California and Arizona and will be away about a month. The convention at Faith Tabernacle this past week that began on Tuesday evening, finished up Friday evening, with a full church, Rev. Joe Moore of Scarborough was the guest speaker, with other ministers assisting.

Mrs. Ada Irwin and Mrs. Jessie Chase of Lindsay were Thursday visitors of Mrs. Irwin's sisters, Mrs. A. Marles and Mr. and Mrs. Ross Faulkner.

The winter is slipping by, and I'm sure, no one is sorry. With severe storms, and the severe cold of this past week, we can appreciate a warmer sun and the lengthening days as spring approaches. Aren't we fortunate to be warm and well even if we do not like the cold?

Did you attend the Bexley township council open house meeting on Thursday, February 8? It was a good way to learn about Bexley Township Zoning Bylaw 379.

Bexley Township Council held its regular council meeting on January 16, 1979 in the council chambers at Coboconk.

Reeve E. A. Cameron presided.

Present were deputy-reeve James Hannivan and councillors: Messrs. Wm. Downes, D. Michel and Mrs. J. Murray.

Minutes of meeting of January 3, 1979 were adopted with amendment as circulated.

Minutes of meeting of January 11, 1979 were adopted as circulated.

Discussed took place concerning the proposed Recreation Bylaw with Mr. R. Swain, township solicitor present to advise council.

Recreation Bylaw No. 4-79 was given first, second and third reading and passed.

Fred Archibald, Planner, County of Victoria was present and discussed Township of Bexley Zoning Bylaw No. 3-79 with council.

The Township of Bexley Zoning Bylaw No. 3-79 was given its third reading, passed and corporate seal attached and signed by reeve and clerk.

James Hopkins, Principal of Coboconk Public School was present and discussed emergency bussing arrangements for students with council.

The following persons be appointed Fire Wardens for 1979: Bert Benson, Lyness Spry, Wallace Hutchinson and Ron Chynoweth.

Council discussed Township Dog Bylaw No. 6-76. Two dog cages will be purchased for the dog catcher.

Norland Notebook

by Barbara Maunder

On Tuesday, February 6, council for Laxton, Digby and Longford Townships met in the municipal office. John Bryant and the representative from Frank Cowan Agency reviewed the insurance carried by the municipality and a motion was passed to insure the loader for \$16,000, and the float for \$4,000, effective immediately. Bylaw #4-79 setting new building permit fees was read a third time and passed.

The bylaw enforcement officer was instructed to pick up any stray dogs. If your dog is found running at large and picked up, the animal is taken to Fenelon Falls Animal Clinic where you must pay a fine plus boarding costs to have your dog returned.

An ad is to be placed in the Lindsay Thursday Post for one week, advising of no parking allowed on the travelled portion of Township roads. With so much snow piled on either side of the roads, the travel portion is becoming so narrow that in some places it is impossible for the snow plow to pass when a vehicle is parked.

A price of \$2.00 a running foot was set for the purchase of 66 foot reserve along the Gull River. The municipality is to advise the Canadian Transport Commission that it wishes the C.N.R. to be forced to retain ownership of the right-of-way of the Lindsay-Haliburton rail line.

The road department is to be instructed to cut down dead elms that have been marked by the road committee on the township road

allowance. An ad for one week is to be placed in the Lindsay Thursday Post stating that the 1979 dog tags are now available and must be purchased by March 31.

Paul Gilmour, Chris Batty, Vern LeCraw, Roy Curl, Jim Davey, Jim Boyce, Bill Davey, Alvin Gostlin, and Don Young were appointed fire wardens for 1979 with the chief warden being Alvin Gostlin and permit issuers Don Young and Vern LeCraw.

The municipality will pay J. Maunder \$3.50 per hour for snow removal at the community hall upon submission of an itemized bill.

Council agreed in principle to the Norland Ladies Auxiliary plan for construction of a kitchen as an addition to the community hall.

The municipality will pay half of the registration fee to send the building inspector to the law course at London provided a written report on the course is submitted by him.

On a cold, windy day last week, I had the pleasure of viewing beautiful orchids growing in a solar greenhouse that has been built as an extension to a house near Beaverton. It was truly like entering another climate to see these lovely flowers growing there as well as many other green and flowering plants. The south wall of the greenhouse is vertically ribbed translucent acrylic material that allows the sun to heat the room and there are

seven 45 gallon sealed containers of water that are heated also. The warmed water in these barrels keeps the greenhouse temperature up at night after the sun goes down. If the room becomes too warm at this time of year, a thermostatically controlled fan sends the heat into the house to help cut fuel costs there. Another fan moves the hot air out of the plant room in the summer months and as insurance against cloudy days there is also an auxiliary heater when the weather is cold. As the price of fuel oil and electricity rises, I think that more and more of us will be thinking of and trying to make use of the heat from the sun's rays.

While ice fishing last week, Mickey Vanier of Island View Trailer Park had the good fortune of catching a 37 inch, 18 pound lake trout in Gull Lake. Rather than eat this beauty, Mickey is having it mounted so he can show it to others. Congratulations, too, to Reg Boyce who a few days later managed to land a 19 pound trout from the same lake.

Winner of the Norland Firefighter's Hockey Pool on Saturday, February 3 was Sharon Kay.

Saturday, February 24 is the date to circle and come to dance to the Misty River Ramblers at the Norland Community Hall from 9:00 p.m. to 1:00 a.m. This dance is being planned by the Ladies Auxiliary and there will be further details next week.

Brenda Greer and Denise Bryant leave on Sunday for a warmer climate where they will join Brenda's aunt, Gladys Pollard in Antigua for a brief holiday. How we all envy them getting away from this very cold winter weather even for a short time.

Dale Davey asked me to remind all school age younger children that each Saturday from 11:00 a.m. to 12:30 p.m. she has a program of crafts, story and playtime for them to enjoy at the Norland Public Library.

Each Sunday at 6:40 p.m. on C.F.R.B. (1010 on radio dial), the United Church of Canada is sponsoring "God-show" with host John Archibald. The program deals with matters of faith, social concerns and church affairs in the local, national and international Christian churches.

Before removing butter tarts from bakin' place in freezer for 10 minutes. They will come out of the pans easily.

Gooderham News

By Velma MacDuff

Birthday greetings this week go to Tammy Dewey, Shirley Gill and Michael Mintz.

Congratulations go to David and Susan Scott on the arrival of their baby girl. Mother and baby fine. Dave's still on cloud nine.

Mr. and Mrs. Bradley MacDuff have returned from Florida. Hope you had a nice time.

Mr. and Mrs. Ronnie Reil of Lindsay were visitors at Mr. and Mrs. Walter Reil on the weekend.

Mr. and Mrs. Earl Johnston visited with Mary's mom, Myrtle Dewey on the weekend.

We are sorry to hear Mr.

Bruce Dewey was transferred to Peterborough to undergo more tests.

Mr. Paul Hunter and family were visiting his mom, Mrs. Mable Hunter on the weekend.

Mr. and Mrs. Jim Dewey just returned from a holiday at St. Lucia. Hope you had a nice time.

Mr. and Mrs. Mitchell Raby were visiting Mr. Dave

MacDuff last week.

The Glamorgan Senior Citizens Club met on February 7, 1979. A talk was given on county council procedures by Robert Fotheringham, our reeve. A new third project has been organized, namely the rock project. Members of this group will make field trips to study rock formations on the chairmanship of David Frazer.

Bowling results

The team led by Bruce Medcalf Sr. is leading the third series in Tuesday night combines bowling action.

High triple of the night was rolled by Bill Donnelly with a 675.

Other high triples went to Art Beatty, 670; Bruce Medcalf Sr., 669; Dave McKinnley, 662; Lil Gorveatt, 660, and Harry Baker, 641.

High single went to Bruce Medcalf Sr. with a 293.

Those rolling games over 200 were: Alice Jones, 266; Lil Gorveatt, 261; Ian Colman, 254; Leon Jones, 245; Wilbert Gibbs, 244; and Dave McKinnley, 243.

Several bowlers have gone south to enjoy the sun, and spares have been helping out.

THURS. LADIES BOWLING

It was a big day for Debby Allin last Thursday in ladies bowling action. She rolled a

high triple of 707, on the strength of games of 298 and 226.

Other high triples went to Kay Barry, 649 - 234, 209, 206; Flo Henderson, 603 - 210; and Joan Hatoski, 600 - 210.

Those rolling singles over 200 were: Iris Taylor, 238, 202; Marg Schepers, 223, 207; Bernice Gibbs, 224; Vera Fader, 223; and Betty Yate-

man, 201.

This ends the second session of ten weeks.

Standings are: Lil's Teddy Bears, 178; Iris's Super Sports, 163; Susan's Sizzlers, 143; Kay's Tigers, 137; Joan's All Stars, 107; and Eva's Terrors, 84.

Nicely treed 1 1/2 acre lot having 153' frontage on beautiful Kawagama Lake with year round access. Asking \$16,500.00. Call Marg Harrison 457-2220 or 489-2026 evenings.

WILBERFORCE
The most progressive town in the Haliburton Highlands, maybe even Ontario. Offering a modern curling rink, brand new ice arena and a memorial centre that would enhance a big city, plus shops, churches and grade school, also all sports activities. Sorry folks we can't sell you Wilberforce, but we do have homes, cottages, lakeshore lots plus terrific business opportunities in and close to this enviable community. Why not call Ken Sanderson or Ben Waterton for more specifics, 457-2220 or evenings, Ken 448-2534, Ben 448-2209.

STORMY LAKE
3 bedroom cottage, insulated, Franklin fireplace. Year round, sand shoreline. Asking \$32,900.00. Call Lenore Pristol 457-2220 or evenings at 286-1995.

HALIBURTON LAKE
Prime location, 3 bedrooms, stone fireplace, sand beach, year round road. Asking \$39,900. Call Lenore Pristol 457-2220 or evenings at 286-1995.

GENERAL STORE
Good highway location near lake, 1,400 sq. ft. showroom. Large 5 bedroom home included. Asking \$69,000. Call Henry Pristol 457-2220 or evenings at 286-1995.

MOOSE LAKE
Enjoy this 4 bedroom, modern, Viceroy year round, 2 four piece bathrooms. Minutes to skiing. Asking \$59,000. Call Henry Pristol 457-2220 or evenings at 286-1995.

PERMANENT HOME LOTS
8 acres in size, 400' on county road, close to Haliburton, overlooking lake Kashagawamog. Good value at \$11,900.00. Contact Peter Windover at 457-2220 or evenings at 286-1044.

MONROCK LAKE
Wilberforce area, 3 bdrm. cottage, year round access, surrounded by crown land. Brick fireplace, 3 pc. bath, sand beach. Asking \$23,900. Call Marg Harrison 457-2220 or 489-2026.

MAPLE LAKE APARTMENTS
Live rent free with income from this 4 apt. dwelling or purchase for investment. Call me today and talk it over. Ken Sanderson 457-2220 or 448-2534 evenings.

WILBERFORCE HOME
Convenience plus in this 3 bedroom ranch style home, 4 pc. bath, combination wood and oil furnace, breezeway and attached garage, to be sold with 2 bedroom income home complete with septic and well. Both on deep lots with hwy. and river frontage. Vendor will consider \$18,000 down and 10 percent interest on balance. Call Ben Waterton 457-2220 or 448-2209 evenings.

PERMANENT HOME LOTS
8 acre lots close to town - 400' on county maintained road. Well treed, mostly hardwood. Offered at \$11,900.00 each. Call Peter Windover 457-2220 or 286-1044 evenings.

LISTINGS INVITED

Carnarvon News

by Yvonne Penney

Our February 7 U.C.W. meeting was attended by 18 people to view the film "A Walk In Another Pair of Shoes". This film concerns children with learning disabilities and is very informative and was well received. The same film was shown to the Carnarvon Sunday School yesterday in the hope that it makes the children more helpful to those less fortunate.

The weather has certainly been cold this last week. Our thermometer read -30 degrees (fahrenheit) on Saturday night and -21 degrees last night.

Some of the Carnarvon Brownies and Guides went up to Camp Kandalore last Saturday for an outing. It was very cold but was a most enjoyable day. The girls received some instructions on

snowshoeing, then we spent some time in an igloo which has been constructed by the staff and some visitors. This igloo is used regularly for sleeping. They told us nine people had spent Friday night sleeping in it. After lunch, we went on a hike on snowshoes. This is a terrific place for a group of young people to go for a day's outing.

Saturday was the date for the Benefit Dance held at the Stanhope Firefighters Hall for Ron and Toos Reid who lost their home and possessions in a fire in December. There were 110 people in attendance and everyone seemed to enjoy themselves. Barb Nangle was the lucky winner of the door prize which was a smoke detector donated by Home Hardware in Minden. An amount in excess of \$800 was raised by

this benefit. Toos Reid received a pleasant surprise on Saturday - two of her sisters and an old school chum arrived from the Toronto area to attend the dance and brought with them her brother, Wally Simon, recently arrived from Australia.

Doug and Judy McLeod of Wasaga Beach (formerly at Woodland Ranch) spent the weekend with Ray and Joan Woodward and attended the Benefit Dance where they saw many old friends.

The Kinette Valentine Dance held at the community centre in Minden was quite a success. There was a good crowd in attendance.

Glad to report that Gloria McMath is home after spending time in a Toronto Hospital. Also, Jim Purves is home from hospital and is progressing nicely.

Tory Hill News

by Gloria Billings

It was certainly nice to see the township out taking the corners off the driveways as it was getting very dangerous trying to get out onto the highway.

So says Mr. Groundhog, we are to spend six more weeks of winter. He came out of his nice warm home, took one look and said that's too much snow for me.

Don't forget the usual Wednesday night euchre party at 8 p.m. in the Tory Hill school. Everyone is welcome.

Miss Joann Billings attended the funeral of her

friend, Miss Debbie Wood of Trenton. Sympathy is extended to her family and friends.

Mr. and Mrs. Eric Finlay were at their apartment for the weekend. While here they entertained some of staff of Regent Heights Junior Public School on a cross country skiing jaunt. Their guests were Mel and Nancy Barkwell and sons, Dwayne and Brent, Alan and Susan Dyer, Janet Ashberry, Nancy Shurman and Cathryn Hall. Even though it was bitterly cold, everyone had a good time.

To the Unfit
If you just sit
You won't quit
Being unfit.

PARTICIPATION

Kinmount Klippings

by Fran Crawford

Hi folks. It's sunny and cold. We have really had a steady spell of below zero for a week now.

Some news I missed last week - Mrs. Pearl Lyle of the senior citizens apartments at Fenelon Falls spent the weekend of February 1 with Mrs. Nora Crego.

A slight error last week. Master Michael Simmons was taken to Haliburton hospital first and then sent on to Peterborough by ambulance. Kinmount hockey team was all lit up like a Christmas tree last Thursday when they beat Norland 9 - 8.

Mrs. "Toady" Hartin was visiting last week with Mrs. Martha Mansfield in Toronto.

Mrs. Mary Hartin had a bad fall last week and is to stay in bed for a couple of weeks. She hurt her back and pulled muscles.

Bingo was a gull hall Friday night at the Royal Canadian Legion Branch 441. There were players and winners from Gooderham, Irondale, Gelert, Furnace Falls, Haliburton, Minden, Burnt River, Cobocok and Kinmount. Albert Crego called the numbers. When he said, "This is the 60th number for \$200.00-B6", Mrs. Dorothy McElwain of Gelert yelled "Bingo" and everyone cheered and clapped. Nearly all winners of the

evening had to share and she won the big one alone.

Don't forget this Saturday February 17 is the St. Valentine's Dance at Galway Hall. Fred Barnes (disc jockey) will be there. Prizes and refreshments too.

Saturday, February 17 at Kinmount arena will be a full day's fun including masquerade on ice, relay races, girls hockey and a game between Irondale boys and Kinmount boys. There will be sleigh rides all day. A small charge gets you in for all events of the day. We do hope it isn't so cold.

Mrs. Noble Wright, formerly of Irondale, passed away at Belleville last week.

Miss Bonnie Crego was home to visit her family, Dorothy and Joe, over the weekend.

Art and Bernice Owens were weekend visitors with Mr. and Mrs. Harve Gardiner and Ken.

Saturday was so cold there wasn't too good a crowd for the opening and ribbon cutting at the laundromat and Wilson Electric and Floor Coverings. There will probably be pictures as there was a cameraman from the Echo and one from the Times. Now you can go do your laundry and go in a pick out your rug while you wait.

Dean and Loreen Gartshore and their son Shane visited with us on Sunday. They have just moved to Minden from Hoozier, Saskatchewan. Dean went out there four years ago where he met and married Loreen. Welcome home.

I forgot to mention the new bingo jackpot starts at \$100. for 50 numbers called.

Winner of the 50-50 draw at Branch 441, Saturday night was Sandra Brown winning \$22.00.

Saturday, six of the Legion Auxiliary ladies went to the Zone F-4 bowling rally at Peterborough; Dagmar Simpson, Violet Schroeter, Gladys Silver, Kaye Allan, Ruth Menard and Mary Munro. Mrs. Helen Byne drove them down and they had lunch at the Miss Diana restaurant. After coming seventh with 16 teams, they came back, had dinner at Onemec and came home a tired crew. Cobocok won the cup.

Everyone in town will be glad to know Jr. Dean left on Monday to go to Calgary to find work. He will be with his sister Ann who works for Gulf Oil in Calgary.

That's all for this week. Don't forget Thursday night is Wintario.

27. THANK YOU

We wish to thank The
Haliburton Fire Department
most sincerely for putting out
the fire in our home. If it were
not for the efficient manner of
the fire chief, Howard
Roberts, and his men, there
could have been a greater
extent of damage. A special
thanks to our neighbour,
Brian Neville of Lochlin who
rushed to the scene, and
helped to keep the fire under
control until the fire depart-
ment arrived.

Albert and Voletta Martin
CB/14

We wish to thank our
relatives and friends for all
the kindness shown to us in
the loss of a dear mother,
grandmother and great
grandmother, Ada Louise
Woolcott. Special thanks to
the Hyland Crest Home in
Minden for their care of
mother, and Rev. Don Nich-
olson and Gordon Monk and
staff at Welch Funeral Home
for their kind words. Thanks
to all.

Lorne, Joyce Woolcott
and family
14

My daughter and myself
wish to thank our relatives
and friends for all the flowers,
cards, money, food and the
ladies of the Monmouth and
Harcourt townships, and the
boys and girls on the school
bus, for their donations and
their kindness shown to us
during the loss of a wife and
mother, Mollie, who lost a
battle with cancer. Special
thanks to Mr. Bill Wiggins
and Rev. Moore Smith for
their kind words.

Stan and Fancha Hayman

Municipality of Dysart et al

Notice

The Dysart Planning Board will hold a Public Meeting in the Council Chambers of the Municipality of Dysart et al, Haliburton, Ontario on Thursday, February 22 at 7:00 p.m. to review Amendment No. 4 to the Official Plan of the Dysart Planning Area.

The purpose of this Amendment is to change the land use designation from "Rural" to "Residential" on Lots 2, 3, 4, 6, 7 and 8, Block XI, Lots 3 and 4, Block XIII and the Road Allowance between Blocks XI and XIII, all in Registered Plan No. 1, Haliburton Village, to permit the development of a residential subdivision.

Copies of the Amendment may be viewed at the municipal offices.

Derrell B. Stamp
Secretary
Dysart Planning Board

NOTICE

The Ministry of Natural Resources is offering for sale at the rate of \$12.00/full cord (4' X 4' X 8') fuelwood material cut in lengths of 8 - 16 feet and piled in skidways located at the end of the Monmouth Access Road (Lots 33 and 34, Concession 4, Monmouth Township).

Ministry of Natural Resources staff will be available at the site to sell fuelwood February 19, 1979 from 0900 to 1600 for 7 days each week or until fuelwood supplies are exhausted.

Fuelwood volumes will be restricted to 5 full cords per household. There is no restriction on truck size or type of loading equipment.

Further information may be obtained by contacting the Gooderham Office Monday to Friday at 705-447-2151.

Dr. J. K. Reynolds
Deputy Minister

Municipality
of Dysart et al
NOTICE

IN THE MATTER OF THE MUNICIPAL ACT AND IN THE MATTER OF A PROPOSED BYLAW OF THE MUNICIPALITY OF DYSSART ET AL, TO STOP UP, CLOSE AND CONVEY A PART OF THE ORIGINAL ALLOWANCE FOR ROAD BETWEEN CONCESSIONS 7 AND 8, THROUGH LOT 26, IN THE TOWNSHIP OF DYSSART, MORE PARTICULARLY SHOWN AS PARTS 1, 2, 3, 4, 5, 6 AND 7 ON A PLAN OF SURVEY DEPOSITED IN THE REGISTRY OFFICE FOR THE REGISTRY DIVISION OF HALIBURTON AS PLAN 19R-1844.

NOTICE IS HEREBY GIVEN, pursuant to Chap. 284, Sec. 443 of The Municipal Act as amended, that the Township Council of the Municipality of Dysart et al proposes to consider and if deemed advisable, to pass at its regular meeting to be held at the Council Chambers, Haliburton, Ontario, on Monday, March 12, 1979 a Bylaw to close, stop up and convey the following:

ALL AND SINGULAR that certain parcel or tract of land and premises, situate, lying and being in the Township of Dysart, in the Provisional County of Haliburton, being composed of part of the original allowance for road between Concessions 7 and 8, through Lot 26, being more particularly described as Parts 1, 2, 3, 4, 5, 6 and 7 as shown on a Plan of Survey deposited in the Registry Office for the Registry Division of Haliburton as Plan 19R-1844. The Plan of Survey is by H. Curry Bishop, O.L.S. and is available for inspection at the Municipality of Dysart et al Office at Haliburton, Ontario.

AND TAKE FURTHER NOTICE that before passing the said Bylaw at its meeting to be held at the time and place above mentioned the Township Council of the Municipality of Dysart et al shall then and there hear in person or by his Counsel, Solicitor or Agent, any person who claims that his land will be affected by the said Bylaw and who applies to be heard.

DATED AT HALIBURTON, ONTARIO this 2nd day of February 1979.

Churches plan Day of Prayer services March 2

On Friday, March 2, churches around the world will conduct services marking the World Day of Prayer. Theme for this year's World Day of Prayer, is "Spiritual Growth". The program this year has been prepared by the students in the "Pan-African Leadership Course for Women", at Mindolo Ecumenical Foundation, Kitwe, Zambia. Some 3,500 communities across Canada and 170 countries around the world will be sharing in this interdenominational day of prayer and fellowship.

In the Haliburton area, services will be held in Haliburton, Ingoldsby, Eagle Lake, Wilberforce and Gooderham. Three services are planned in the Village of Haliburton: Extensicare 10 a.m., St. George's Church 2 p.m., and a special Youth Service, St. George's Church at 4 p.m.

Men, women and young people of all denominations are invited to join in these services. You are urged to be a part of this prayer chain that surrounds our troubled world. Please attend - and bring a friend.

Haliburton Rotary Winter Carnival

Chairman's message

I would like to welcome all those who have come to the Highlands to participate in the 1979 edition of the Haliburton Winter Carnival. Our wide assortment of events and displays should provide some fun and entertainment for young and old alike.

On behalf of the Rotary Club, I wish to thank all businesses and organizations that have generously donated time and money in support of our annual event. My personal thanks is extended to the many individuals who have spent much time and energy in the planning and organization of the various activities.

I hope that everyone will have an enjoyable weekend and come back again soon.

Paul Wilson - Chairman
Haliburton Winter Carnival
Haliburton Rotary Club

President's message

As President of the Rotary Club of Haliburton I would personally like to take this opportunity to welcome all of you to the 1979 edition of the Haliburton Rotary Winter Carnival.

A winter carnival just doesn't happen. It takes the all-out effort of each and every member of the Rotary Club and the cooperation of several organizations in the community working together in the common cause to make carnival weekend successful.

The success of this carnival will depend on you and the keynote will be participation in the many events that will be taking place.

On behalf of all Rotarians, I would like to thank those organizations, businesses, and individuals who have generously donated time and money to ensure the success of the Carnival. The Rotary Club appreciates your support which will enable it to continue its various service projects.

We are planning a fun-filled weekend and we invite you to be with us and be part of all the excitement and action of this annual three day event.

Sincerely,
Ken Langdon, President,
Rotary Club of Haliburton,
Ontario, Canada, INC.

Reeve's message

On behalf of Dysart et al Council, Staff and Ratepayers it is my privilege to extend Greetings and Good Wishes. We welcome you to this our 1979 Haliburton Winter Carnival, as well we welcome you to our Municipality for this activity filled weekend.

We would like to take this opportunity to wish the Carnival every success as well I would like to personally commend the Haliburton Rotary and Kinsmen Clubs for their efforts, and trust that once again planning and hard work will result in a worthwhile reward.

For those visiting our Community for the first time we extend a special sincere welcome and we trust you have had an opportunity to sample our Hospitality that you will return again soon.

For those friends visiting our Carnival on a more frequent basis, we welcome you back and trust you will have a fun filled weekend.

1979 has been declared the Year of the Child. On this occasion let's make a special effort to see that our children enjoy the weekend events. So again Welcome to Haliburton, have an enjoyable weekend and come back soon.

Murray Fearrey, Reeve
Municipality of Dysart et al

Welcome to the '79 Winter Carnival

Visitors to this year's Carnival will see growth, change in Haliburton Village

by Creighton Feir

Hospitality at its best is what you can expect when you come to the 11th Annual Haliburton Rotary Winter Carnival which will be held on Friday, Saturday and Sunday, February 16, 17 and 18. The welcome mat is out and you can rest assured that "We will treat you Royally".

We hope that you have already made your plans to attend this winter extravaganza and we'll welcome you to Haliburton with open arms. We sincerely hope that we have a weekend planned, packed full of entertainment, sports and good old fashioned fun for each and every member of your family.

In this Winter Carnival supplement you will find information and photos of all the activities that will take place during the three days. We hope that on your visit you will drop into the business places whose advertisements appear in this issue.

The Rotary Club of Haliburton wish to express their thanks to the merchants and business people who so kindly donated money to help cover some of the expenses of the carnival. You will find their names on the centre pages of this supplement.

We like to view the Winter Carnival not only as an attraction for the people of Haliburton County but as a homecoming weekend when all those who have lived here at one time or another will return home to be re-united with their families and friends and will have an opportunity to talk over old times and renew old acquaintances. It's also a time for those who have cottages in the area to come back and see what it's like here in the winter months.

The carnival is a chance

for visitors to meet old friends,

renew old acquaintances

Those of you who have not visited Haliburton recently will notice plenty of change in the village since your last visit. During Carnival weekend take an hour off from your busy schedule to look around the village and see the many changes that have been made and the new projects that are now underway or that have been recently completed.

The main street has taken on a new look and you will notice several changes. The new Mike's Milk Store is open seven days a week. We now have a brand new IGA store with plenty of parking space in front. The Haliburton Red and White store has just recently constructed a new addition to their present building which gives them more floor space and a larger variety of goods for the shopping public. McGuire Tire Sales have also expanded into new offices and repair area.

On Head Lake behind the present CNR station you will notice that the fill is in and this is just the

beginning of what we anticipate will be one of the finest parks of its kind in Ontario, when it is completed. Drop up and take a look at the 35 Senior Citizen's Units which are nearly completed on the property across from St. George's Anglican Church. The modern new museum at Glebe Park has been completed and it will be well worth your while to drop over and take a look at the many changes that have been made in this location. A beautiful new addition has been completed to the Royal Canadian Legion Hall in Haliburton which now gives the village one of the finest auditoriums in the county. Work is now underway to renovate the old CNR station on York Street by the

The parade goes

Saturday afternoon

by Creighton Feir

If there is one main attraction that can bring out a crowd, it has to be a parade. Everyone loves a parade, with its lively music, its floats, marching units, majorettes and clowns.

Organizing a parade, especially in the winter months when you can be faced with adverse weather conditions, is no easy task, but Allen Bagg and Gerry Dawson, who are in charge of this year's Haliburton Rotary Winter Carnival Parade, have committed themselves to putting on one of the best shows in the 11 year history of the carnival. They can't do it alone, however, and if the parade is to be a success, everyone will have to participate by preparing and entering a float.

Some of the winter carnival parades of the past just haven't lived up to expectations, and it's a fact that many people have expressed disappointment that the parades haven't had more entries and more participation.

Where does the fault lie? It shouldn't be put on the shoulders of the Rotary Club. They can organize the parade, but it's up to each merchant and individual to ensure that there are enough floats to make an interesting and entertaining parade. If everyone sits back and expects the other merchant or individual to come up with an entry, the parade won't be as big and as lively as it could and should be.

Let's all get with it and put in an entry. It doesn't take long to prepare a float, and when the parade is over those who've made the effort will have the satisfaction of knowing that they contributed to its success.

Haliburton Highlands Guild of Fine Arts and when completed it will be known as the Guild Station Gallery.

We wish to welcome all of you who will be attending this year's Haliburton Rotary Winter Carnival and we hope that when you return home on Sunday afternoon we have left you with a good impression of the village and that you will keep returning whenever you can. Hopefully, many of you will someday become permanent residents here. Good service, friendliness and good old hospitality is our motto and we hope that we will leave you with a lasting impression that we have lived up to this motto.

Welcome to Winter Wonderland

HALIBURTON — ONTARIO 457-2011

Photo by Dal Hubbert

Toquepic: *Designed and named through separate contests, he's been the symbol of the Haliburton Rotary Winter Carnival since 1969*

On February 16, the first day of the Haliburton Rotary Winter Carnival, the character with a toque for a body and skates on his feet will celebrate his eleventh birthday.

Toquepic, as he is known, has been turning up in Haliburton County ever since the first winter carnival was held in Haliburton in 1968.

And this year, in a tradition that's as much a part of the carnival as parades, trappers breakfasts and dances, Toquepic has come back again to act as symbol and mascot for the winter carnival festivities.

The story of toquepic (though he wasn't called that at the time) goes back to the first winter carnival committee. They wanted a symbol to go along with that first carnival, something that would stay in people's minds, and that would represent the spirit of outdoor, winter activities in the Highlands.

The call went out for ideas from local citizens, and in a short time nearly 100 people had submitted designs for a carnival logo and mascot.

Art Ward, who was a member of that first committee, recalls that among the 100 submissions were 30 from one man, a potter who had a studio near Irondale. The committee liked his submissions, and from among the 30 designs they chose the present symbol, the creature based on a toque who wears sunglasses and skates.

Since then, toquepic has made his appearance in the Haliburton County Echo and on carnival related literature every year as carnival time approaches.

Over the 11 year history of the carnival, toquepic has been made into dolls, some as large as four feet high, and has found his way onto numerous parade floats and into many ice sculptures. He has

appeared in advertisements, has written a column in the Echo, been printed on buttons, and has been turned into toques for sale as souvenirs of the Haliburton Winter Carnival.

Toquepic was there at the beginning, and it's expected that he will be there year after year, so long as there's a winter carnival in Haliburton village.

Toquepic Talk

by Toquepic

I promised you last week in my column that I would be coming your way again this week with further developments on what you can expect and do at the Haliburton Rotary Winter Carnival which is scheduled for Friday, Saturday and Sunday, February 16, 17 and 18. I don't know about you but as the time draws nearer to the big event I am really getting excited about the wonderful weekend that lies ahead.

I have just been informed that weather permitting, a helicopter will be at the Carnival on Head Lake on Saturday and Sunday to take people for rides from 11 a.m. on. This is your chance to take to the air.

Bob Nicholl informed me that the Kinsmen Club of Haliburton have rented ice time at the Dysart Community Centre at Haliburton for free public skating on Sunday afternoon of the Carnival from 4:00 p.m. to 6:00 p.m. Congratulations to the Kinsmen who will be footing the bill so that the entire family can come out and skate together.

The success of the Winter Carnival depends on the amount of community involvement. One of the famous attractions at the Quebec Winter Carnival has been the ice sculptures on St. Therese in Lower Town. We in Haliburton have an opportunity to create similar objects d'art, and earn some prize money besides. Again this year prize money will be given to those who have constructed the best sculptures. During the past few years the local schools were the only people who participated in making ice sculptures. It is to be hoped that more individuals will take time out to building ice sculptures in front of their homes. Judging of

these sculptures will be done on Friday, February 16. For more information please contact Rotarian Doug Devolin.

The Toquepic Toques are now on sale at most business places in Haliburton, so be sure to purchase one right away and by wearing one you will be helping to promote the carnival.

Everyone is looking forward to a bigger and better parade this year and it will be held on Saturday afternoon of the carnival weekend. The theme will be "Everything Goes". This means that you can put anything in the parade that you wish, so use your imagination and let's see some really nice floats. Don't wait until the last moment; get your float ready now.

Plans for a cross country snowmobile race are well underway and the organizers are expecting 65 entrants for the big ride. The race, sponsored by the Kinsmen Club of Haliburton, will be held in conjunction with the Rotary Winter Carnival and will begin at 11:45 a.m. on Saturday, February 17.

Now is the time to get your store window decorated for the carnival. Local citizens as well as visitors will love to view your artistic work and it will let everyone know that we are all getting in the carnival spirit.

Why not take an hour off on Sunday to attend the church of your choice in Haliburton or surrounding area. Come in your winter attire and you will be more than welcome.

I will personally be around all week attending as many events as my tight schedule will permit. It is my hope that I will have the opportunity to meet each and everyone of you and welcome you to this great area of our county.

This is your old friend Toquepic saying goodbye, and so long for now.

The design

was chosen

from among

100 submissions

He remained officially nameless that first year, but by the second year of the carnival, it was agreed that a name should be found that would suit the drawing.

The call went out for ideas once again and this time more than 300 names were submitted. The winning entry, "Toquepic", was submitted by a 14 year old boy from Rexdale.

Snowmobiles race Saturday, Sunday

The sound of scores of snowmobilers running up their engines and checking over equipment will reverberate through Haliburton Village Saturday, February 17, as competitors in the county's only cross country snowmobile race prepare to test themselves and their machines against 100 kilometres of rugged Haliburton Highlands terrain.

The event, sponsored by

the Haliburton Kinsmen Club will take competitors along prepared trails, logging roads Hydro right-of-ways and lakes as far south as Donald and as far north as Haliburton Lake.

On the line will be the Echo Cup in the first ever long distance cross country race held in Haliburton County. Race chairman Pat Kennedy says organizers are hopeful the race could become a fully sanctioned event in future years, drawing factory teams from across the province.

The decision to organize a long distance race this year came as a result of the interest shown in a short cross country race held in conjunction with other carnival races last year.

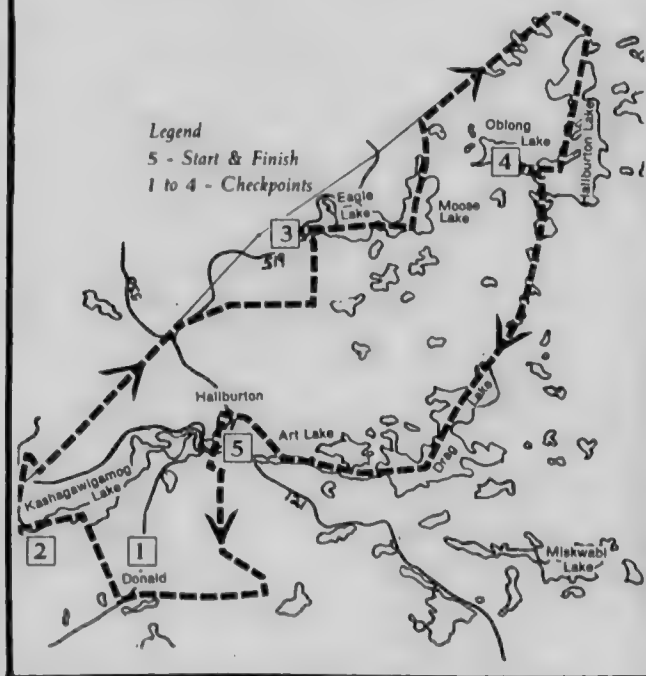

Echo Cup is on the line

Leading the field for this year's race will be defending Echo Cup champion John Coneybeare, who will wear bib number one. The field has been limited to 100 entries. Four check points will be set up, at Wentworth Marina, Donald, Eagle Lake and Fort Irwin, with times recorded for each of the race's four sections.

Snowmobilers will leave from the arena grounds at 30 second intervals beginning at 11:45 a.m. The fastest machines and riders are expected to complete the course in under two hours, crossing the finish line in front of the public dock on Head Lake.

Competitors will be divided into six classes, with every-

Route of the 100 km. Cross Country

thing from small family machines to the most sophisticated cross country sleds eligible to enter.

The winner will be the rider who completes each of the four sections in the shortest time.

Radio contact will be maintained between each of the checkpoints so organizers can keep tabs on riders who break down or run into other diffi-

culties. Two machines manned by Kinsmen Club members will also be on the course to lend assistance to riders who need it.

Winner of the event will be announced and the trophy presented at a dance at the Legion Saturday evening.

Riders are expected to be on hand from London, Ottawa, Mississauga, Toronto, as well as from the local area.

Kinsman Pat Kennedy presents last year's Echo Cup winner, John Coneybeare, with the number one bib for the up and coming 100 km cross country race during the Haliburton Rotary Winter Carnival. The race organized by the Kinsmen Club is a big event for area snowmobilers.

The first entrant in the ice race to be held during this year's Haliburton Rotary Winter Carnival is Bob Parker and his F250 4X4 Ford. The race will feature solo classes for 2 and 4 wheel drive trucks, cars and dune buggies.

Solo four wheel drive, car racing is a first for this year's Carnival

Drag racers, downhill skiers, rally drivers, bobsled racers and luge riders are used to the pressure of racing against the clock, but a new twist to the challenge of beating a competitor's time has appeared in the world of sport recently in the form of solo car and truck racing.

And on Saturday, February 17, those who attend the Haliburton Winter Carnival

will have a chance to see the sport first hand, as competitors test their skill against an ice and dry land track on the shores of Head Lake.

Sponsored by the Haliburton Kinsmen Club, the race will pit racers in four classes against the clock on a twisting track where driving skill rather than raw speed will determine a winner.

Competition is expected to

be especially keen in the dune buggy class with the low slung, wide tired machines quickest around the ¼ mile course.

Cars and two wheel drive trucks will comprise a second category. Third and fourth categories will be four wheel drive trucks under 6000 pounds gross vehicle weight, and four wheel drive trucks over 6000 pounds G.V.W.

Fish Derby winner will be announced at 2 p.m. Sunday

Louise Fleming was last year's Queen

Carnival Queen to be crowned Friday night

She'll reign over this year's summer Carnival as well

Anticipation will build to a peak on Friday night, the first night of the winter carnival, as the moment moves closer for the crowning of the Carnival Queen.

Approximately 15 young women are expected to vie for the title which carries with it prizes as well as the responsibility of reigning over the events of the carnival.

The Queen and her court of two princesses will participate not only in the events of

the winter carnival, but will attend community and Rotary functions throughout the year, including the Rotary's 1979 summer carnival.

Crowning of the Queen takes place at 9 p.m. at the teen dance to be held at Haliburton Highlands Secondary School.

Contestants for the title of Carnival Queen are chosen from the senior grades at HHSS, though others 16 or over are also eligible to

participate.

Final selection of the Queen and princesses will be carried out by the Rotary Club, with the name of the winner kept a closely guarded secret until the moment of crowning arrives.

Last year's Queen, Louise Fleming of Minden is expected to be on hand to pass on the crown and royal robes to the 1979 Winter Carnival Queen.

Try your hand at ice sculpturing and you could win a cash prize

Ever had a secret desire to try your hand at sculpting? The fact that marble is expensive and not very easy to work with may have put you off in the past. But there's another material that lends itself well to the amateur sculptor and in the Haliburton Highlands it can be found in abundance at this time of year. That's right.

With a little water, a little work and as much imagination as you can muster, those piles of snow on your front lawn can be turned into an ice sculpture that could win a prize for you on winter carnival weekend.

This year there will be two categories in the ice-sculpturing contests. Schools, clubs and other groups can get

together and put their collective imaginations to work to come up with a creation that will be eligible for one of three prizes. First prize will be \$25, second prize \$20, and third prize \$15 in the group competition.

Last year's group contest was won by grade six students at Haliburton Highlands

Carnival Queen will be crowned at the teen dance Friday

Torchlight parade will wind down from Skyline Park and end at arena

The ever popular torchlight parade, which is always a big hit with carnival visitors and local residents alike, will once again be a highlight of this year's Winter Carnival.

Joe Iles, who is in charge of this colourful spectacle said this week that all snowmobilers are invited to take part.

The torchlight parade will be held on Friday evening at 8:00 p.m. and will begin at the top of the mountain on the road near Cam Carey's residence. Those taking part with their machines and torches will zig-zag down the mountain, ending up in front of the arena. The Carnival committee feels that by using this route everyone in the village, no matter where they

be located, will have a grand view of what should prove to be a colourful spectacle.

Following the torchlight parade a Carnival bonfire sponsored by the Haliburton

Fire Department, will be held at the fairgrounds.

A large crowd is expected to be on hand this year to help kick off the Carnival's full slate of outdoor activities.

Four ice sculpturing prizes

from page 10

Senior Elementary School, who put their heads together and came up with three beautifully crafted seals. This year the senior elementary students have put out an open challenge to the high school students, and if they respond to the call there should be plenty of frozen artwork around to test the abilities of the three impartial judges.

Individuals and families

can help make Haliburton Village a winter wonderland on carnival weekend by coming up with their own ice sculpture. Best individual or family entry will receive a prize of \$20.

Judging will take place Friday afternoon, February 16. If you decide to enter contact Doug Devolin at Haliburton Highlands Senior Elementary School to ensure that your effort is judged.

- Rotary President - Ken Langdon
- 4:00 P.M. - 6:00 P.M. Free Public Skating at Arena, courtesy of Kinsmen Club.

Carnival events get underway Friday

Torchlight parade, bonfire, two dances, bonspeil are among the activities on Friday

Friday is the first day of the Haliburton Rotary Winter Carnival, and a number of activities are planned to help carnival goers get into the spirit of the weekend.

Anglers who plan to compete in the three day long fish derby can get a head start on the competition Friday by bringing in their catches of lake trout for weighing. Scales will be set up at the Haliburton Red and White store throughout the weekend. On Friday, the scales will be available to competitors from 9 a.m. to 6 p.m.

Those who decide to enter the ice sculpture contest will have their creations judged at 3 p.m. Friday. Three prizes will be awarded to groups, \$25 for first place, \$20 for second and \$15 for third. There will also be a prize awarded to the best sculpture done by an individual or family, and the winners will receive \$20 for their efforts.

Judging of the best merchant display window decorated on a carnival theme will also take place at 3 p.m. Friday. The winning business will get a \$25 prize.

At 4 p.m., the first of three draws in the Hiram Walker Bonspiel will get underway at the Haliburton Curling Club. Twenty-four rinks from several cities and towns in Ontario, and from clubs in Haliburton County, will be on hand for the spiel. Games continue through Saturday, with the finals scheduled for 6 p.m. the winning rink will receive a silver tray and pitcher donated by Hiram Walker Distilleries.

Also at 4 p.m. doors open for the Guild of Fine Arts show and sale, which will be held throughout carnival weekend at the Lakeview Centre. Scores of hand-made articles designed and executed by Guild members will be on display. Doors close at 9 p.m. Friday.

Action will begin at the arena at 7 p.m. when

members of the Haliburton Figure Skating Club will put on a display of their skills in the form of a carnival involving all club members.

At 7:45 p.m. outside the arena, members of the Haliburton Fire Department will put the torch to a huge pile of wood to begin the bonfire which has traditionally opened the carnival's outdoor activities.

At 8 p.m. snowmobilers will begin the journey down from the top of the hill overlooking the arena in the torchlight parade. The spectacle of colour will be visible from just about anywhere in the village.

Friday's activities will be capped by two dances,

the carnival kick-off dance at the Dysart Community Centre, with music supplied by a disc jockey, and a teen dance at the high school, for the younger set.

Highlight of the evening's activities will be the crowning of the carnival queen and her two princesses. Approximately 15 girls are expected to vie for the title, which carries with it a \$100 prize. Princesses will receive \$50 each.

Crowning takes place at 9 p.m. at Haliburton Highlands Secondary School.

The queen and princesses will reign over the rest of the weekend's activities, and will also be on hand for the Rotary sponsored summer carnival.

Saturday is biggest day of the Carnival, with most events

You'll have to be an early riser if you want to take in all the activities that are scheduled for Saturday, February 17, the biggest day of Haliburton Rotary's Winter Carnival. But at least you won't have to cook your own breakfast. That chore will be looked after by others if you turn up for the trapper's breakfast that starts off the day's activities.

Doors at the Legion open at 7:30 a.m. and the griddles will be hot for pancakes through to 9:30 a.m. Cost of the breakfast is \$2.25 for adults and \$1.25 for children under 12.

At 8 a.m. Saturday play resumes in the Hiram Walker bonspiel, and registration opens for the 100 km. Echo Cup Cross Country snowmobile race. The event is a first for the carnival, and the Kinsmen Club of Haliburton, who are organizing the race, say they are expecting at least 65 entrants. Registration for the race continues through to 11 a.m. Competitors in the six classes will leave in 30 second intervals, and should complete the course in under two hours.

At 9 a.m. teachers from as far away as Burlington will take to the ice at the Dysart arena for the first games of the third annual Chalkdusters Hockey Tournament. Games will continue through Saturday, with consolation and championship games scheduled for Sunday morning. Ten teams have entered this year's event, and will be trying to take the championship away from defending champions, Norwood.

The Lakeview Centre will open its doors once again to the public for the Guild of Fine Arts show and sale, which continues through to 6 p.m.

Registration for the Kinsmen sponsored solo ice races will begin at 11 a.m. at the public dock on Head Lake. Competitors in this event will travel around a difficult course, and will be trying to beat the clock. Only one competitor at a time will be on the course, which will wind its way around the land behind the old CN station and onto Head Lake. Four classes will compete for trophies in the event, which is a first for the winter carnival. Dune buggies, two wheel drive cars and pickups, four wheel drive trucks under 6000 pounds gross vehicle weight, and four wheel drives over 6000

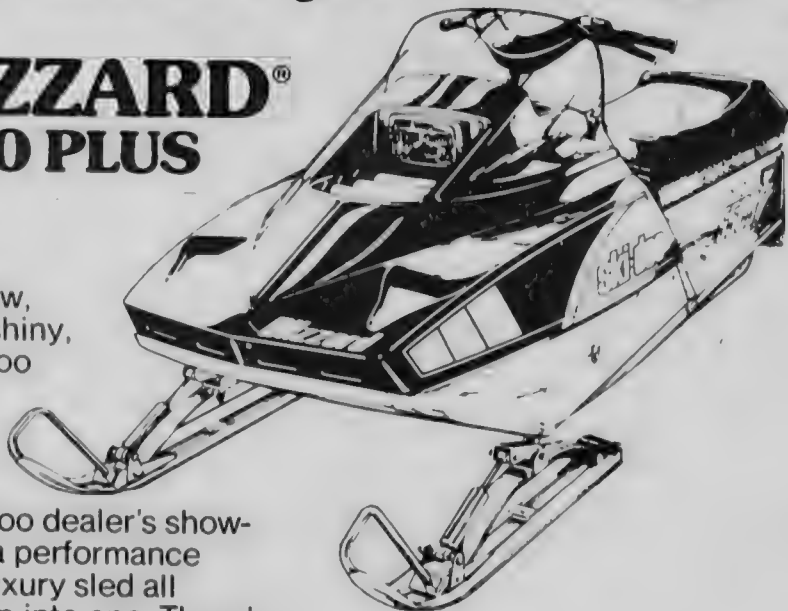

Ski-Doo® Yellow Tag Sale

Our famous annual sale is on again! With the best of winter yet to come, this is your chance to pick up Ski-Doo items at rock-bottom Yellow Tag prices. Participating dealers are offering accessories, clothing and snowmobiles — you'll be amazed at the savings. So come along and grab a bunch of Yellow Tags soon.

We saved you a seat.

BLIZZARD® 5500 PLUS

Right now, there is a shiny, new Ski-Doo Blizzard® 5500 waiting for you at your Ski-Doo dealer's showroom. Try a performance sled and luxury sled all wrapped up into one. There's a big, fan-cooled Rotax engine. A new FanJet air cooled muffler. Free wheeling Torque Reaction® slide suspension. And a sleek, wind tunnel-tested "Total Design".

Go'doo it.

Parade, bed race, hockey tourney, dinner, dances, all go on Saturday

G.V.W. will be eligible to compete. The event is expected to draw a large number of spectators, and should provide some exciting action as competitors run against the clock.

Visitors and permanent residents alike can satisfy their hunger with a visit to the carnival luncheon and buffet at the Anglican church between 11:30 a.m. and 1 p.m. Cost is \$2.50 for adults and \$1.50 for children under 12. There'll be parking on Mountain Street for those who want to drive, although the church is an easy walk from most areas of the village.

From 11:30 through to 4 p.m. there'll be free horse drawn sleigh rides. The team will pull up for loading and unloading at the public dock on Head Lake.

People looking for a light lunch can find it in the showroom at Curry Motors, as the ladies of the Eastern Star will be putting out tea, coffee and other light luncheon foods from 11:30 a.m. to 1 p.m.

Action will begin on the solo course at 12:30 p.m. and will continue until all the entrants have had their run against the clock.

At 1 p.m. contestants will line up at the spotlight on main street for the start of the bed race. A great deal of preparation will have gone into tuning up both the beds and the pushers before the gun sounds to send them careening down the course, which involves a difficult and sometimes disastrous turnaround in front of the Red and White store and a return trip to the spotlight for the finish line. Last year's event was won by the experienced Rotary bed racing team, but competition was keen, and this year's race could go to anyone.

If watching the exertion of the racers makes you hungry, head over to the show room at Curry Motors, where the Highland Chapter of the Eastern Star will be holding a bake sale. The sale opens at 1:30 p.m. and the goods are expected to sell fast, so those looking for freshly baked pies, squares,

cookies, tarts and a host of other items should be on hand for the opening.

Marching bands, clowns and floats will begin leaving the arena grounds promptly at 2 p.m. for the carnival parade. The route will take the parade down main street, along station street and back to the arena. Organizations, businesses and individuals have been working on floats well in advance of the parade, and it is expected that this year's effort will prove to be a crowd pleaser. A prize of \$25 will go to the best merchant entry in the parade, with a second prize of \$15 also available. The float judged best overall in the parade will also win a \$25 prize.

Pancakes will be served at breakfast

When the Winter Carnival comes along, why not give your wife a special treat and take her out to the Trapper's Pancake Breakfast to be held at the Legion Hall on Saturday, February 17. The breakfast starts at 7:30 a.m. and will continue until 9:30 a.m.

During past carnivals this early morning event has proven to be popular and last year 147 people were on hand to enjoy the meal.

Cost is \$2.25 for adults and children under 12 years, only \$1.25.

If you have never attended the Trapper's Pancake Breakfast, why not make it a date to be on hand this year. Everyone is welcome.

While hockey action continues at the arena, cross country snowmobilers arrive at the finish line and competitors in the solo races run the course, there'll be other thrills awaiting those adventurous enough to try their hand at crazy carpet riding on the slope behind Victoria Street School. The event has proven to be a popular drawing card at previous carnivals, and a big crowd will no doubt be on hand again this year. There'll be extra crazy carpets available for those who don't have one, and there'll be refreshments for those who want to catch their breath and warm up. The sliding begins at 2:30 and continues through to 4:30 p.m.

Crazy carpet riding on once again at school

Youngsters have been practising it at recess and after school for almost two months now, ever since the first snowfall made the hill at Victoria Street School a great place to slide. And on Saturday afternoon, February 17, the young at heart as well as the young will have a chance to experience the thrill of a run down the ice slick slopes on a slippery length of plastic known as a crazy carpet.

Crazy carpet riding has become one of the most informal and enjoyable activities of the winter carnival, and if the weatherman smiles on the proceedings again this year, it ought to draw large crowds to Victoria Street School once again.

Action gets underway at 2:30 p.m. following the carnival parade and continues to 4:30 p.m.

There's plenty of room on the slopes for everyone who

wants to give it a try, and you don't have to be a youngster to enjoy the sensation of speed and exhilaration that only a crazy carpet ride can bring.

Refreshments will be available for those who want to take a break from the action and warm up with coffee or hot chocolate. So bundle up and head for the school for a crazy carpet ride after the parade. It's an experience you're sure to enjoy.

Crazy carpet riding

A week of activities planned for students of Victoria Street School

Students at Victoria Street School will have a little extra time to celebrate the winter carnival this year. The students will once again be participating in a full week of activities leading up to winter carnival weekend.

Dates for the activities had not been finalized by press time, but the week's activities will include sleigh rides, an outdoor winter activity day, that could give the students a

chance to try such sports as snowshoeing, and the creation of entries for the snow-sculpturing contest to be judged on Friday, February 16.

OPP public services officer Constable Wim Magee is also scheduled to appear at the school to discuss snowmobile safety with the youngsters.

The students are also planning the float they will enter in this year's parade,

and work on the float will take place throughout the week.

And, as always, there'll be crazy carpet riding throughout the week, with a special afternoon on the carpets planned for Saturday, February 17, when young and old alike will have a chance to try their hand at sliding down the hill behind the school.

Coffee, hot chocolate and other refreshments will be available to help sliders warm up between runs.

Carnival dinner to be held Saturday evening at the Legion

Carnival winds up Sunday with final events

Sunday, February 18 is the final day of the 1979 winter carnival, and organizers have saved two of the best events for last. Both the oval track

Events of Saturday

Saturday evening is the busiest of the carnival with a dinner and dancing at two locations.

From 6:00 to 7:30 p.m. dinner will be served at the Legion. Cost is \$4.50 per person.

Dancing begins at the Legion at 9 p.m. to the music of Phase III. A luncheon will be served later in the evening. Admission is \$5.00 per person.

The Chalkdusters are also sponsoring a dance Saturday evening at the Dysart Community Centre. Music will be supplied by a disc jockey. Admission to the Chalkduster dance is \$2, with profits going to the Rotary Club and charity.

snowmobile races and the final games of the hockey tournament should provide action packed thrills in abundance for carnival goers.

Those who wish to attend any one of the village churches Sunday morning are encouraged to do so, and casual and outdoor dress can be worn.

Action in the Chalkdusters hockey tournament resumes at 9 a.m. Sunday, with the final game on the consolation side scheduled for 11:30 a.m. Championship game of the tourney goes at 12:30 p.m.

From 10 a.m. through noon, Kinsmen Club members will be on hand at the public dock on Head Lake to register competitors in the oval snowmobile races. Nine classes will run on the half mile iced track on Head Lake, with trophies awarded in each of the classes. Racing begins at 1 p.m.

From noon through 3 p.m. there will also be free horse drawn sleigh rides for all to enjoy.

The Guild show and sale continues from 1 p.m. to 4 p.m. Sunday afternoon.

Competitors in the weekend long fish derby contest must have their fish in before 2 p.m. when the scales close. Winner of the derby will be announced once the weigh-in is over.

The carnival will wind down with closing ceremonies led by Rotary Club president, Ken Langdon. Ceremonies will be held at 3:30 p.m. at the public dock.

Final activity of the weekend is free public skating at the Dysart arena, sponsored by the Haliburton Kinsmen Club. A large crowd enjoyed the opportunity last year, with individuals and families taking part.

Winner of the three day fish derby will be announced on Sunday

Fishermen will have an opportunity to make their favourite sport part of the Carnival again this year through the fish derby contest.

A prize will be awarded for the largest trout caught during the three day weekend.

Weigh-in station for the contest is Easton's Red and White in Haliburton Village, and anglers can take their catches in to be tested on the scales from 9 a.m. to 6 p.m. Friday and Saturday, and from noon to 2 p.m. on Sunday.

Competition was excellent in last year's fish derby, and this year is expected to be equally competitive, as fishermen bait their hooks and tempt the trout in an effort to come up with a big one.

Last year the prize went to sisters Jean and June Henderson of West Guilford who landed a seven pound, four ounce lake trout in Maple Lake just one hour before the contest closed.

The winners kept their bait a secret, so competitors this year will be on their own to find the right combination of hook, line and bait to land the fish that will take home the prize.

The winner will be announced at 2 p.m. after the weigh scales close.

Merchants can win prize for the best decorated window

Organizers of this year's Haliburton Rotary Winter Carnival are urging local merchants to get into the carnival spirit by decorating the windows of their stores for carnival weekend.

Winter scenes, carnival related characters and colourful displays; anything that helps make the carnival weekend lively for visitors and residents alike will be eligible for judging in the window decoration contest.

Prize for the best merchant's display is \$25. Last year's prize went to Newbatts Furniture, and this year the competition for the title should be keen once again.

Two impartial judges will make the rounds of the village on Friday afternoon, February 16 to decide the winner.

Local merchants are expected to begin preparing for the contest this week, and the displays will remain throughout the carnival weekend.

COMPARISONS PROVE THAT WE BUILD YOUR KIND OF TRUCK.

When we set out to build your kind of medium/medium heavy truck, we set out to shake up the industry.

New International 'S' proves we did just that. Compare your kind of truck with the others.

Do they offer all this?

- 1 Frames have full-depth strength from end to end in all models.
- 2 Frame flanges are bolt-free for easier body mounting.
- 3 5 series (1600 through to 2100) with GVWR's from 14,800 lbs. to GCWR's up to 65,000 lbs.
- 4 Greatest choice of mid-range gas and diesel power. Including the economical and widely acclaimed DT466 diesel.
- 5 Dual split braking system gives you up to 30% more stopping power over ordinary single vacuum systems. Plus added reliability.
- 6 Standardized cab design reduces parts up to 38%.

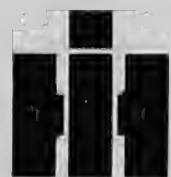

- 7 Extra protection from rust and corrosion with cab construction of zinc-coated steel, painted with zinc-rich primer.
- 8 The roomiest cab in its class, with more shoulder, belly and leg room.
- 9 One-piece, solid-steel door frame.
- 10 Door-mounted door seals for weatherproof fitting.
- 11 International's exclusive Blend-Air heating/air-conditioning system provides year round comfort.
- 12 One-piece, full-width sun visor for no-gap protection from glare.
- 13 Washer nozzles mounted on the wiper arms for more thorough cleaning.

- 14 Front access instrument panel with plug-in gauges.
- 15 Modular electrical system speeds up troubleshooting and simplifies maintenance.
- 16 One-piece fibreglass tilt hood for easy engine access. Optional hood hatches for trucks with front-mounted gear.

Now wouldn't you say the new International 'S' is your kind of medium duty truck?

Test drive one at your International dealer today. Then take the time to compare. You'll be amazed how much difference common sense can make.

Oval racing Sunday at 1 p.m. is sure to be worth watching

'Gentleman' hockey provides plenty of fast action

Chalkduster tourney a two day event this year

"Gentleman" hockey will be the order of the day throughout winter carnival weekend as teams from across Ontario compete in the third annual Chalkdusters' Hockey Tournament.

No slapshots or body contact are allowed in gentleman hockey, but that doesn't mean the game lacks excitement. With teams concentrating on quick skating and accurate passing, the game is fast and action around the nets more frequent, than in body contact hockey.

Ten teams will participate

in this year's tournament, two more than were on hand for last year's tourney, which was won by a team from Norwood. In 1977, the first year of the tournament, a team from Burlington went home victorious.

With few exceptions, all the players in this year's Chalkduster tourney are high school and elementary school teachers. Competing along with the local teachers will be teams from Perth District High School, Huntsville High School, Owen Sound High School, Bay Ridges Public

School, Thornhill Public School, M.M. Robinson High School in Burlington, Oakville-Trafalgar High School in Oakville, Norwood District High School and Lindsay teachers.

Action gets underway Saturday morning, February 17 at the Dysart arena beginning at 9 a.m. Games continue through 8 p.m. Saturday, with final games beginning at 9 a.m. Sunday. The consolation final game begins at 11:30, with the championship game scheduled for 1 p.m.

Admission to the games is

\$1 for adults.

The Chalkdusters are sponsoring a dance in the Dysart arena auditorium Saturday evening, with music supplied by disc jockey Ed Whiteway. Admission is \$2 per person. Any profits from the dance will be shared among the Rotary Club and a charity, according to tournament organizer Gary Brohman.

Schedule for the Chalk Dusters tournament is as follows:

In Game #1, Haliburton

will meet Owen Sound at 9 a.m. Lindsay meets Norwood at 10:15 in Game #2. Game #3 will see Huntsville take on Oakeville at 11:30 a.m. with Oak Ridges meeting Thornhill in Game #4 at 12:45. Last game of the first round goes at 2 p.m. when Burlington will take on Perth.

Second round action starts at 3:45 p.m. when the winners of game 1 and 2 will meet. Losers of game 1 and 2 will meet at 5 p.m. in the first round of consolation action. Game #8 at 6:15 p.m. will see

the winners of games 3 and 4 facing off, while the losers of games 3 and 4 meet in the consolation side at 7:30 p.m.

Play resumes at 9 a.m. Sunday when the loser of the first round Burlington vs. Perth game will take on the winner of game #7.

In Game 11, the winner of the Burlington-Perth contest will take on the winner of Game 6 at 10:15 a.m.

The consolation championship game is slated for 11:30 a.m., with the championship game going at 12:45 p.m.

Four dances will keep people busy on the nights of the Carnival

All of you dancers who like to trip the light fantastic will have your opportunity to do so at this year's Haliburton Rotary Winter Carnival as four big dances are scheduled to take place.

On Friday night at 9:00 p.m. the Toquepic Kick-Off dance will be in high gear at the Dysart Community Centre Auditorium at \$2.00 per person. A top notch disc jockey will be present to play some of your favourite records. Down at the high school at the same time the Teen Dance will be in full swing and during the evening the crowning of the Carnival Queen and her two princesses will take place.

On Saturday night at 8:30

p.m. the Haliburton Chalk Dusters will be sponsoring a dance at the Dysart Community Centre with the admission price set at \$2.00 per person with music being supplied by a disc jockey. At 9 p.m. the dancers will be swinging and swaying to the music of Phase III at the Carnival Dance at the Royal

Eastern Star bake sale

For all of you who love to go to a Bake Sale, the Winter Carnival has something in store for you on Saturday at 1:30 p.m. when the Highland Chapter of the Eastern Star will be holding a Carnival Bake Sale at Curry Motors

Canadian Legion. \$5.00 per person. Luncheon will be served.

Line up your wife or favourite girl friend and if you are in the mood for dancing, here's your opportunity with four big dances to choose from. Get your dancing shoes on, because there's music in the air.

Showroom on the main street in Haliburton.

This bake sale has always proven to be a great success and this year should be no exception, as local citizens and visitors alike will be on hand to look and buy all the goodies.

The beds don't always go the distance

Rotary Club are defending Champions

Bed racers are set to compete

Every armchair athlete will be put to shame on Carnival weekend by a different breed of competitor - the bed racer.

Rapidly becoming a thrilling and crowd pleasing sport, bed racing calls out the best in athletes. Come out on Saturday, February 17 at 1:00 p.m. to see the successes and failures of those new at the sport who'll be participating in the Annual Haliburton Rotary Winter Carnival Bed Racing Championships.

The course will be run from the stop lights near Curry Motors to the Haliburton Red and White where the racers will turn around and return to the stop lights for the finish. Racers will be dressed in whatever manner they decide will best bring out the carni-

val spirit.

Rotarian David Bishop, who is in charge of the bed race, says more entries are urgently needed and if your group would like to enter please phone David at his office at 457-1440. All those entering the race are asked to show up at least a half hour before the race begins.

The rules of the bed race

Each bed must be mounted on wheels or skis or any combination thereof. No motorized power of any kind is to be used and that includes pedalling power.

Racers must push the bed, and manoeuvre it in whatever way they can by brute force and sheer determination to the finish line. There are five team members, four pushing

race circuit last year was that between the Haliburton Kinsmen and Rotary Clubs. The Kinsmen came prepared, and drove the course hard in a reckless bid to win, but the Rotary used their years of experience on the circuit to good advantage, and managed to cross the finish line first.

This year's contest could go either way, but the Kinsmen are likely to give it that extra effort in an attempt to topple the Rotary from the top.

Technique is the key to victory

are simple, and leave a lot of room for individual imagination, both in dress and in vehicle construction.

and one riding, under the covers on the bed.

Biggest rivalry on the bed

The bed race is always a crowd pleasing event that supplies a great deal of action, entertainment and surprises, so come early, you won't want to miss it.

Free public skating at the arena

The local citizens have been calling for the past two years for more public skating at the Dysart Community Centre in Haliburton. The Kinsmen Club of Haliburton have decided to do something about it. They have rented the arena on Sunday afternoon of the Winter Carnival

from 4:00 p.m. to 6:00 p.m. for free public skating, so dig out your skates and join your friends for two hours of good old fashioned skating. It's really a lot of fun and one good way to keep in shape.

During the Winter Carnival last year the Kinsmen Club rented the ice time and the ice

surface was crowded with skaters. One of the largest crowds on record turned out and it was a real family get-together.

The Kinsmen Club say that if Sunday's skating is a success they will continue more free skating sessions this winter.

Keen competition expected at Hiram Walker

Some 24 rinks are expected to be on hand at the new Haliburton Curling Club facility this year for the 10th annual Hiram Walker Mixed Bonspiel.

Action begins Friday, February 16 and continues through Saturday, with the final games slated for 6 p.m. Competing teams will

come from the Bayview Club, Willowdale, Oshawa, Trenton, Belleville, Bancroft, Trenton and Wilberforce, as well as from the Haliburton Curling Club.

Trophies for the event are donated by Hiram Walker distillery, with top prize of a silver tray and a pitcher going

to the winning rink. A number of other prizes will also be available for rinks which place high in the standings.

Spectators are welcome to view the action from the curling club lounge, which affords an excellent view of the ice surface.

Guild show, sale on at Lakeview Centre throughout the weekend

Though many of the activities of winter carnival week-end take place outdoors, there are also a number of indoor activities planned for those who want to spend some time out of the cold, and one of the best of these will be the Haliburton Guild of Fine Arts show and sale.

The show will be an opportunity for visitors and permanent residents alike to experience the craftsmanship and skill of Guild members.

On display at the Lakeview Centre will be pottery, weaving, art work and numerous other articles produced by local artists and artisans.

The show opens at 4 p.m. Friday and continues through to 9 p.m. Doors will open again at 10 a.m. Saturday and remain open until 6 p.m. On Sunday, the final day of the show and sale, the Lakeview Centre will be open between 1 p.m. and 4 p.m.

Sleigh rides are free for everyone

Rotarian Joe Iles said this week that he is enthusiastic about the free sleigh rides that will be an attraction for the children attending this year's Haliburton Rotary Winter Carnival. Children just love to jump on the sleigh and go for a ride and you can expect to see lineups waiting

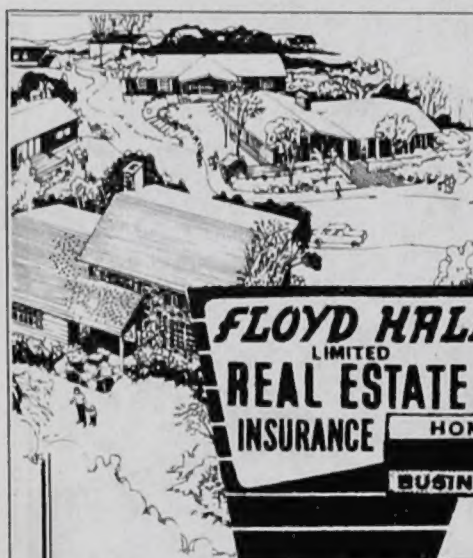

for their turn to have a sleigh ride.

Victor Hutchings will have his team hitched to the sleigh and ready to go when carnival time rolls around. Rides will begin at the Government Dock on Head Lake and if conditions are favourable they will go all around the lake. The alternate route

would be from the dock and along the railway tracks.

Make it a point now to have your youngsters at the Government Dock on Head Lake on Saturday and Sunday for these ever popular hay rides.

On Saturday the time will be from 11 a.m. to 4 p.m. and on Sunday from 12 noon to 3 p.m.

It's Carnival time...

and one of Haliburton's oldest residents, The Echo is taking part. The Haliburton County Echo has been part of the Haliburton way of life for over 95 years, sharing in the carnivals and the highlights of the day to day life of Haliburton County and its residents.

The Echo has recorded the births, graduations, weddings and obituaries of the people of the county for a long time and has become a regular and much appreciated weekly visitor to most county homes. On its pages is

printed the news of the county and in its advertisements Haliburtonians have found a means to become discerning shoppers.

And although The Echo is a senior citizen, its face is young, changing and growing with the needs of the readers and the community it serves.

This special edition is our way of participating in the carnival spirit. To all the participants and hard working organizers, we'll see you next week on the pages of The Echo.
